Design-a-Tin Coloring Contest

Use crayons, colored pencils, markers, or a computer design program to create your masterpiece.

Get creative with colors, patterns, and create a product you'd love to see in your tin can!

Computer design tools are welcome, but AI-generated artwork is not permitted.
All designs must be created by the child (13 and under) entering the contest.

The blue box is your design area and will wrap all the way around the tin can.

Submission deadline is November 30th.
Completed designs must be uploaded by a parent or guardian to **info.roastar.com/designawards**
