

Paper Tin Tie Bags

1 Bag Height

TOLERANCE OF +/- 3/8"

Overall bag height may vary by up to $\pm 3/8$ " from order to order.

2 Artwork Alignment

TOLERANCE OF +/- 1/8"

Artwork will be aligned within $\pm 1/8$ " of the designated print area and set up per the approved digital PDF.

3 Color Tolerance

Single-sided printing only. Four-color process (CMYK) printing is used; white ink is not available. Please note that exact color matching may vary between orders.

4 Cosmetic Tolerance

Due to the natural substrate and converting process, minor cosmetic variations—including seam irregularities, slight print alignment shifts, and faint lines in areas of full ink coverage—may occur. These characteristics are inherent to this construction and do not impact functionality or seal integrity.

5 Quantity Tolerance

This product will be produced to the exact quantity ordered. There will be no shortages or overages in the quantity shipped.

6 Shelf Life

This product has a 6-month shelf life. After this period, material integrity and performance may decline. Products should be stored 40-80°F at 30-60% relative humidity to avoid premature breakdown of the material.

I understand and accept the above listed tolerances.
