Contract Intelligence: Better Investments

Our Contract Intelligence enables improved access to actionable data so your team can make more informed decisions

Confidence is knowing your contracts are being managed. Focus on what's most important; your strategic objectives. Terzo's Contract Intelligence captures and extracts key contract metadata for practical use.
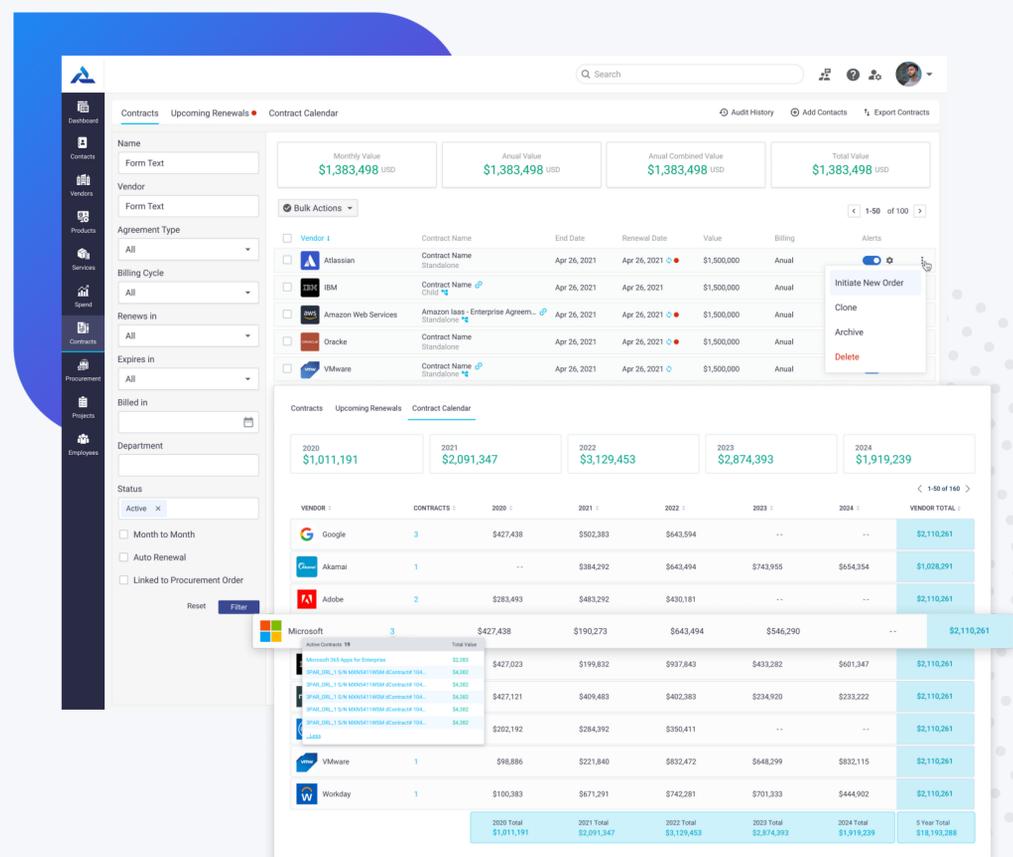

Terzo's AI-Powered Contract Intelligence extracts important data providing you with an intelligent picture of: entities, products, key dates, important terms, and renewal schedules to forecast spend. Achieve 0 missed renewals and 100% forecast spend accuracy.

Contracts are more than commitments, they are investments

Benefits

Proactively manage contracts and never miss renewals

- **Renewal Schedule** - Improve negotiation planning with smart alerting on upcoming renewals

- **Hierarchy** - Link contracts to show logical hierarchies between MSAs and sub-agreements

- **Centralized Repository** - Increase visibility and utility of your contract database

- **Commit-to-Actual Spend** - Get alerts on overspend against commitments

- **Stakeholder Mapping** - Create stronger governance in your supplier and contract execution

- **Forecasting**- Produce accurate real-time forecasts

Capabilities

Seamlessly manage and route contracts for signatures by integrating with DocuSign

.

Auto-extract key contract data through AI for contract analytics, reduced cycle time, and errors during contract reviewal

View the Relationship Tree to show the entire hierarchy and see where the current contract fits into the family

> The most embarrassing thing is to ask a vendor for a copy of your own contract. With Terzo, we can add our contracts at the time of execution, which allows my team can focus on managing our most strategic stakeholder and supplier relationships.
