To enhance the level of life safety and property conservation from the effects of fire through the use of fire sprinklers.

Serving the fire sprinkler industry for over eighty years the Canadian Automatic Sprinkler Association is a trade association whose objectives are to:

Promote, defend, enhance and improve the business of installing fire sprinkler and suppression systems;

Foster and promote the recognition of the fire sprinkler industry as a unique identity in itself;

Conduct such programs and projects as are in keeping with these objectives, including, but not limited to:

Engineering, Service Insurance, Federal Liaison Building and Fire Codes, Labour Relations Exhibitions, Tech. Certification/Training, Legislation Field Programs, Seminars and Workshops Networking Publications

Benefits – A CASA Associate Manufacturer and Supplier Membership will keep you fully informed in all areas of sprinkler protection through four membership publications.

CASA*notes* Magazine and QR
In electronic format are filled with industry news events, these publications cover local, provincial, regional and national activities of CASA members across Canada.

Membership also entitles you to the same significant price reductions enjoyed by other industry members on a wide range of CASA publications, seminars and products.
You will have access to CASA's professional staff for technical assistance.

The Association also assists local jurisdictions interested in developing legislation to increase fire and life safety in their communities.

AMS members also receive discounts on exhibit spaces and are given the opportunity to be sponsors at industry, events, nationally and regional.

Future Leaders

Are employees of CASA member companies- Contractor, AMS, and ADP.

This group has several meetings each year, most often via electronic means.
All who qualify are welcome to join this group to provide input to the CASA BofD on issues and affairs of the Sprinkler Industry.

They are governed by policy documents and have a chair and staff liaison

Participation – Participation in regional and national committees is encouraged. By participating and working with the AMS Committee, comprised of representatives of AMS Members, you will help purview over those affairs germane to manufacturer/supplier interests in the industry. These include product and installation standards, building codes, marketing statistics, legislation, public relations and other functions consistent with the goals and objectives of CASA.

Board of Directors

Elected by and from CASA Members in good standing, usually representatives of local areas of the country, (one board member represents the AMS sector) purview over those affairs germane to the contracting and manufacturing interests of the industry, including, but not limited to labour relations, installation standards, building codes, legislations and other functions consistent with the Code of Ethics, Constitution, By-laws and Amendments of CASA.
