90
percent

90% of customers report a **simplified workflow** after switching to Checkr.

Why Checkr for Gusto Customers

1

Fairness

The integration's built-in fairness features help users streamline the adjudication process by minimizing less-relevant records and clearly labeling them as "eligible". Using Checkr's pre-built filters speeds up review time. And clear, easy-to-read descriptions of records help users hire more equitably.

2

Compliance

Our compliance tools apply the relevant laws to every check, helping users meet FCRA and EEOC guidelines without needing to become background check experts. Checkr is PBSA-accredited, so you can trust we understand the legal and compliance standards of background checks.

3

Candidate Support

Once a background check is ordered in Gusto, candidates immediately receive their authorizations and disclosures. They're guided through a mobile-first experience with a transparent view of their check, estimated completion time, and 24/7 access to candidate support.

View company background check policy

1

Order a background check by clicking “add new employee” and select either “with offer letter and background check” or “with background check only.”

2

Next, the candidate receives an invitation from Checkr to complete the required authorizations and disclosures.

3

Checkr completes the background check. Gusto users can monitor the status of the background check from the “background check” tile in “hire & onboard tools.” Once complete, users will be able to see the report status and full report in Gusto.

Customers Trust Checkr for Background Checks in Gusto

Affordable pricing

With our pay-as-you-go solution, free account set-up, affordable and transparent pricing, and no contracts, you only pay for what you need. And to make it easy, Gusto handles billing, just like you are already used to.

Quick turnaround times

Checkr's automation and machine learning ensure quick turnaround times, so we don't add unnecessary time to your hiring process.

Background check experts

Checkr is PBSA (Professional Background Screening Association) accredited, meaning we know the ins, outs, and legalities of running a background check.

Customers Trust Checkr for Background Checks in Gusto

“Before Checkr, I honestly was not sure how to go about background checks. I really appreciate that it **integrated right into Gusto.**”

Elena Tedeschi

Owner, Well Rooted Kitchen

“As a local HR team of one, I need all the time I can get, and **Checkr makes the background check process fast and simple.**”

Yves Lopes

*Director of Human Resources,
Silk*

“Checkr is integrated into Gusto and **easy to include** in offer letters.”
