CAS and Small Firm Boot Camps | Fall 2026

Help firms plan smarter, work better, and prepare for 2027

This October, CalCPA will bring together targeted groups of accounting professionals for two interactive 2027 Planning Boot Camps — one focused on CAS practices and one designed specifically for small firms.

Each full-day experience will combine 4–5 CPE sessions, peer discussion, meals, networking, and a closing happy hour, giving attendees practical ideas and resources they can take back to their firms as they plan for 2027.

This is more than a speaking opportunity. Sponsors are invited to spend the entire day with approximately 40 attendees — joining conversations over breakfast and lunch, participating in networking and workshops, presenting an educational session, and continuing relationships during the closing happy hour.

Small Firm Boot Camp

October 19, 2026 | Los Angeles, CA

Created specifically for small firm owners and leaders, this Boot Camp will help attendees step out of the day-to-day and make intentional decisions about how they want their firms to operate in 2027.

Approximately 40 attendees

CAS Boot Camp
