RIDER EVENTS

Bikers Ride for Camp Courage

Over 100 riders from Tucson, Phoenix, and Prescott gathered at the Prescott Fire station #1 for the 12th Annual Arizona Burn Camp Ride on Monday, June 8th. This day of fun was hosted by the Phoenix area Wind & Fire Motorcycle Chapter. Over \$45,000 was raised for Camp Courage by motorcycle groups such as Wind and Fire, HOGZ UC, and HOG 9, and support from Grand Canyon Harley Davidson.

Annual Veteran Appreciation Event

On Saturday, June 6th Grand Canyon Harley-Davidson hosted Veteran's Appreciation Day. The Husband and Wife Law Team was there to help recognize those who have bravely served our Country.

With over 450 in attendance, the event was kicked off with a hula dance performance and followed by opening remarks from Rick Bitzer of Grand Canyon Harley-Davidson. Veterans loved ones, and friends, enjoyed barbeque and beverages throughout the day. After the flag raising, pledge of allegiance, national anthem, prayer, and patriotic song... Larry Kimmel & Past Medal Recipients awarded the Warrior Medal of Valor to all veterans in attendance. WW2 vets were honored with a very special salute. We were honored to be a part of this special event.

The Arizona Children's Burn Camp is put on by the Arizona Burn Foundation. Kids that have suffered traumatic burn injuries are allowed to forget about the complications following a burn injury and just have fun in the Prescott pines. Lunch was provided by Papa John's Pizza, and activities for the day included a tour of Camp Courage, a camper raffle, and a rider raffle. At the end of the day, there was a special shout out to Frozen Frannie's of Prescott who provided both campers and riders with complimentary frozen yogurt... a treat that helped to make this warm day... very cool!

Mark was nominated as the new Vice Chairman of AMSAF! Congratulations Mark! AMSAF, as you may know, is an organization promoting motorcycle safety.

Our client was t-boned by a driver running a red light. We negotiated a very large settlement and massive reductions from disability and health insurers. The client was so happy, and we loved the flowers she sent!

Look for our motorcycle rider interview of the month, Jim Moore's, billboards around Phoenix!

We hosted a community appreciation luncheon with over 100 people!

Check out our Facebook page for behind-the-scene pics from the Annual Veteran Appreciation Event we attended!

BREYER TIPS

rocks & debris, and bugs can all be contributors to causing hand injuries. Gloves also protect against mere annoyance such as sweat hindering a solid hand grip.

There are a variety of motorcycle gloves and the proper choice will depend on what type of riding you'll be doing. Leather and textile gloves are best suited for street motorcyclists. If you're doing off-road motorcycling you'll want a glove specifically suited to a more rugged ride. Off-road gloves tend to be thinner in material and have more padding in areas that are likely to be subject to impact.

Once you've determined what type of riding gloves are best suited to you, look for a pair that fits comfortably, has good stitching for your protection, and are the proper length... And don't forget to protect your wrists as well your hands.

Mark is available to speak for FREE to groups of all sizes about the motorcycle laws in Arizona. Contact Jessica@BreyerLaw.com to schedule your date today!

Hurry, his weekends fill up fast!

GLOVE SAFETY

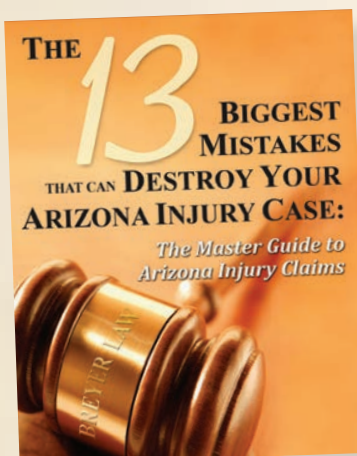

If Jim Moore damages his hands...it will be more than just an inconvenience—as a builder of custom motorcycles a serious hand injury would mean loss of income. Most people think HELMET when it comes to safety gear. When Jim Moore was asked about safety gear, he said GLOVES.

Gloves not only help protect against pavement injuries but other hazards as well. Sun, wind, rain,

LEGAL RUMBLES

MOTORCYCLE ACCIDENT GUIDE

How to choose the best lawyer for your motorcycle accident case.

It is crucial in a motorcycle accident case that you find the right lawyer, preferably one that is experienced in serious injury law. The reason it is so important to find the best lawyer is because there is only one shot at settling your motorcycle accident claim. If the case is not prepared correctly, not pursued correctly, and not settled for the right amount of money, there is no way to hire a new lawyer after the fact. While many different lawyers claim they may be able to help you, they may not have the experience and training to do so in a serious injury or wrongful death claim.

So before you choose an accident lawyer down the street, consider contacting a lawyer who specializes in serious injury and wrongful death cases.

To help you during your legal process, we have written a free book on The Master Guide to Personal Injury Claims. This book will give you insight to help you before and during your case. If you are interested in a FREE copy of our book or have additional questions, please contact Jessica@BreyerLaw.com.

STAY SAFE AND ENJOY THE RIDE!

RIDER OF THE MONTH: JIM MOORE

Simply stated, Jim Moore is a real biker....a biker that has ridden over a million miles tracked thru Harley-Davidson...and when considering where to interview Jim...I thought what better way to interview a real biker than on the back of his bike.

We started out the day meeting in front of Ventura Grille, a popular restaurant and bar off Ventura and the 101. Jim was right out front on his 2011 Road Glide Custom—ready to ride...just waiting on me. As I climbed on the back of that Harley I started out our interview asking him why he likes to ride so much. *"Only a biker knows why a dog likes to hang his head out the window. Let's go Dear..."*

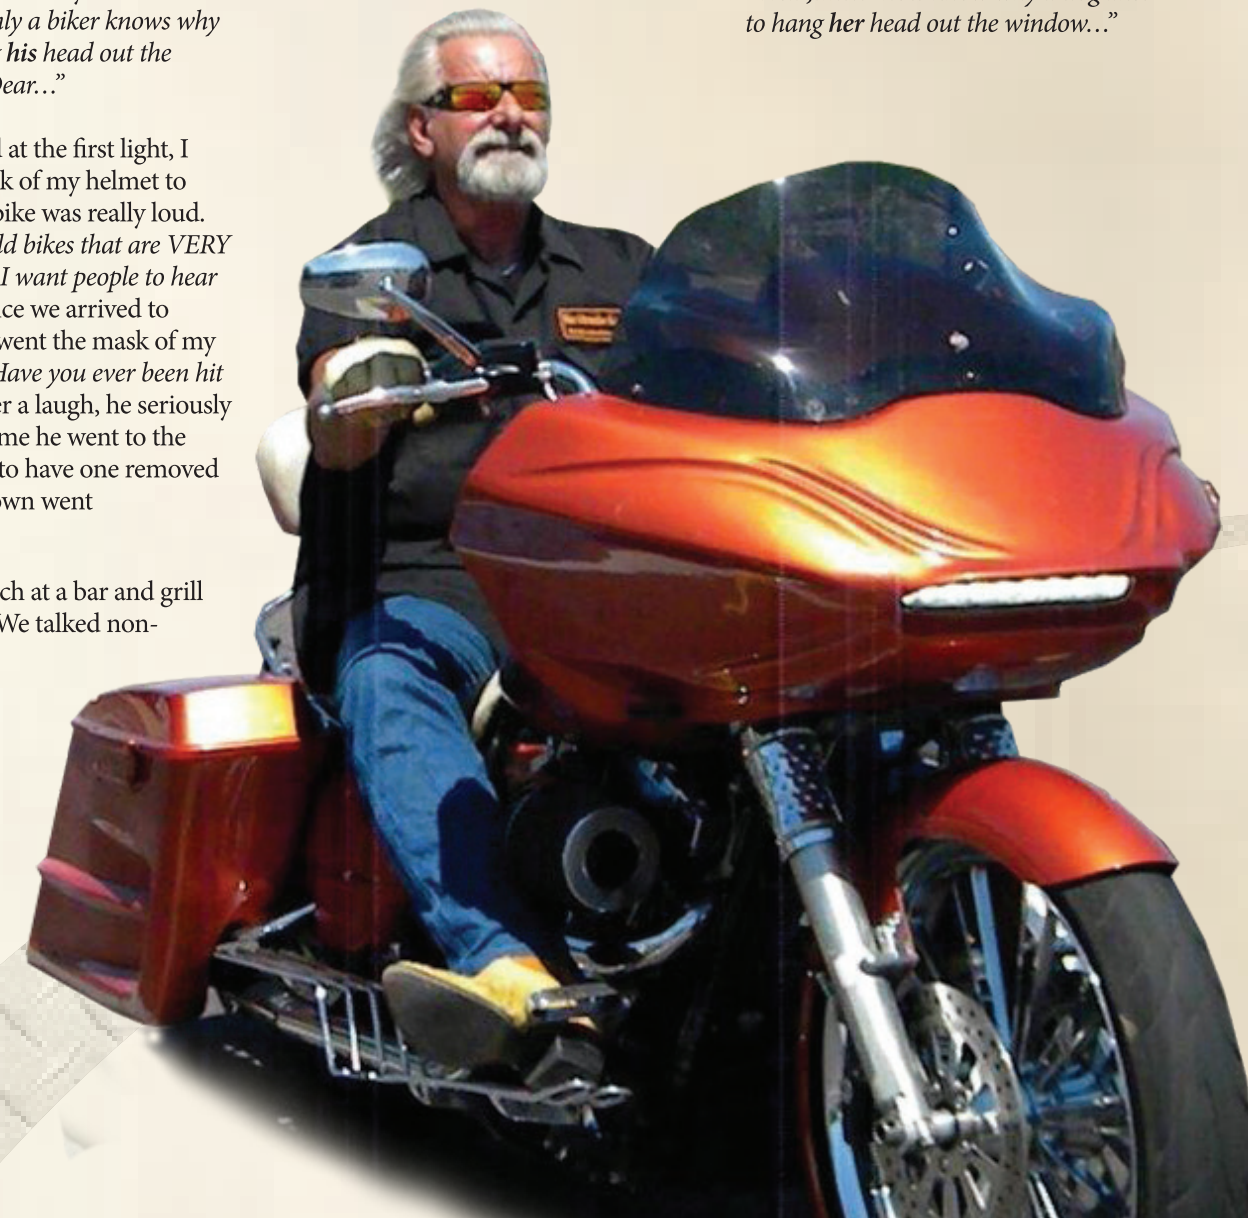

When we stopped at the first light, I pulled up the mask of my helmet to mention that his bike was really loud. *"I'm known to build bikes that are VERY loud. When I ride I want people to hear me. It's safety."* Once we arrived to Payson, again up went the mask of my helmet to ask...*"Have you ever been hit by a BUG???"* After a laugh, he seriously told me about a time he went to the emergency room to have one removed from his face...down went my mask.

In Pine we ate lunch at a bar and grill call Sidewinders. We talked non-

stop for over an hour. Where does one begin when writing about Jim Moore...born in Detroit, raised in the printing industry, grew up harboring hate, and sometime in 1981 became a born-again Christian. Jim worked in the car industry, was a consultant to company's across the country, and with the downturn of economy, started his own custom motorcycle business. Jim has been married 3 times, and has dealt with the loss of his second wife and both of his 2 children. He has counseled others on grief and is a pastor at weddings and funerals—the loss of one friend made him a business owner

and writer. Jim is a local celebrity who started off as a stuntman and model, and today is a popular character on two very different reality shows. Life has dealt him success, loss, and variety...but thru it all, he has always been a biker.

After lunch we made a stop at the Honey Store and were quickly riding down the road again. I sat back and enjoyed the changing scenery...thru Strawberry, Camp Verde, and back toward Phoenix. Two-hundred fifty miles later we pulled back into the parking lot of the Ventura Grille. *"So Dear...what do you think?"* My reply...*"Well Jim...I now know why a dog likes to hang her head out the window..."*
