SNOW REMOVAL TARP

Remove freshly fallen snow from your jobsite quickly and efficiently with *GEAR2PERFORM*.

Norseman's Snow Removal Tarps are the premier snow removal tarps. Lay down the tarps before snowfall, then lift using the integrated lifting straps clearing away thousands of pounds of snow in mere minutes. This cost-effective tool saves companies both time and money.

Trust Norseman's Snow Removal Tarp to safeguard your jobsite from snow and allow your team to continue outperforming.

GEAR POINTS:

Outwork. Outperform. Overachieve.

Durable, woven PVC-coated polyester fabric with tear-resistant stitch design for the highest level of strength and lift capacity.

Clear up to 7,500 lbs. (3,400 kg) of unwanted fresh snow in minutes.

Zig-zag stitching on corners to prevent tarp failure, underside loop webbing for greatest support when lifting, and reinforced corners with patches and double stitching.

Tear resistant. Water resistant, UV and mildew resistant.

Minimize snow removal labor and delay costs while keeping a safe jobsite for workers, and damage-free site and equipment.
