

# Pupper Palace

A room-by-room guide to dog-proofing your home.

lyka

## 1. Bedroom

Consider steps or a ramp for smaller dogs, or those with joint issues — to help them get onto your bed (if allowed!).

## 2. Bathroom

Keep the toilet lid closed at all times to prevent your dog drinking from, or climbing into the bowl.

## 3. Laundry

Create space to store fresh laundry or it might just become your pup's favourite naptime spot.

## 4. Living room

Choose pet-friendly furniture or set up a second bed, so your household can relax together: pup included.

## 5. Kitchen

Choose pet-friendly furniture or set up a second bed, so your household can relax together: pup included.
