# JETTER

The GapVax G7T Jetter is a purpose-built Non-CDL Jetter Truck designed for operator efficiency, safety, and durability. At the core of the G7T Jetter is a 74 HP FPT auxiliary engine paired with a Giant water pump driven by a pilot-less clutch, delivering extended runtime for even the most demanding jobs. The standard 700-gallon poly water tank features a one-piece design for enhanced durability and reduced weight. The rear control box provides easy access to start the engine and manage operations, while an optional electronic clutch offers enhanced control. The adjustable skid-mounted water pump simplifies belt tension adjustments, ensuring operators can maintain peak performance with minimal effort.

The G7T Jetter comes standard with a 40 GPM / 2,500 PSI configuration. For safety, a deadman switch immediately shuts down the engine when the water pump compartment is opened. Operator convenience is further enhanced with a standard washdown system including 25' of hose, a dedicated contaminated storage basket for tools like tiger tails, and two 72" tool baskets for shovels, poles, and other essentials. Additional options include a cone holder, lateral cart storage, and a variety of lighting packages—traffic advisors, beacon lights, work lights, and corner strobes—tailored for diverse work environments.

## HOSE REEL

- SINGLE OR DUAL REEL CONFIGURATIONS
- HYDRAULICALLY POWERED DIRECT-DRIVE GEARBOX
- 180° ROTATION
- 1/2" X 600' HOSE REEL AND 3/4" X 600 REELS CAPACITIES
- SUSPENDED FROM ABOVE, KEEPING CRITICAL HYDRAULICS AND WIRING PROTECTED FROM ROAD DEBRIS
- QUICK CHANGE LEVEL-WIND ALLOWS FOR EASY TRANSITION BETWEEN REELS WITH AN EXTENDABLE DOCKING POSITION FOR SAFE TRANSPORT

## CONTROL BOX

- REAR MOUNTED
- ENGINE AND OPERATION CONTROLS
- E-STOP

## WATER TANK

- 700 GALLON CAPACITY
- ONE-PIECE DESIGN FOR ENHANCED DURABILITY
- LOW WATER SENSOR
- WATER LEVEL SITE TUBE

## 74 HP FPT AUXILIARY ENGINE

- 15 GALLON FUEL DIESEL FUEL TANK
- INTEGRATED DEADMAN SWITCH
- BATTERY SHUTOFF
- OTHER ENGINE BRANDS AVAILABLE

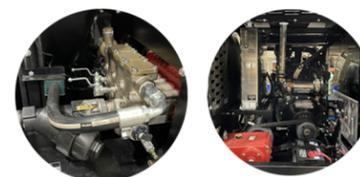

## OPTIONS

- WIRELESS CONTROLS
- LATERAL CART
- VIPER INSPECTION SYSTEM
- REAR CAMERA SYSTEM
- LIGHTING PACKAGES
- BURNER
- E-CLUTCH
- POWER ROTATE

## 40 GPM; 2,500 PSI

### WATER PUMP:

- GIANT 5000 SERIES TRI-PLEX PUMP
- DRIVEN BY A PILOT-LESS CLUTCH
- ADJUSTABLE SKID-MOUNT FOR SIMPLE BELT TENSION ADJUSTMENTS
- OPTIONAL COLD-WEATHER RECIRCULATION
- OPTIONAL CONFIGURATIONS:
  - 20 GPM / 4,000 PSI
  - 30 GPM / 3,000 PSI

## STORAGE OPTIONS

- 48" DRIVER'S SIDE TOOLBOX
- 36" CURBSIDE TOOLBOX
