Series 8 (ISO Model)

80A L2 EV Charging Station with Credit Card

Ideal for commercial environments, the Blink Series 8 EV charger is available in a dual-port configuration to maximize coverage per station and features an integrated credit card reader for driver convenience.

CREDIT CARD READER • DUAL-PORT • SLEEK

The Blink Series 8 dual-port ISO model features an integrated credit card reader, is configurable up to 80A via a built-in derating switch, and can be connected via Wi-Fi, ethernet, or cellular. This charger is ISO 15118 hardware-ready, and features a modern and compact design with a terminal block for effortless installation. An optional cable management system keeps the cables clean and tidy for drivers, offering customers a full sleek EV charging solution to meet their business needs.
