

## WELCOME TO BLINK CHARGING! Seamless charging for your EV

### Simple steps to get started with the **Blink Charging app**

Track your charging in real time, manage your sessions, and stay in control.

# 1 GET STARTED IN MINUTES

## 1. Download the app

Search "Blink Charging" in the App Store or Google Play and install it.

## 2. Create an account (or sign in)

Enter your email and verify it to get started.

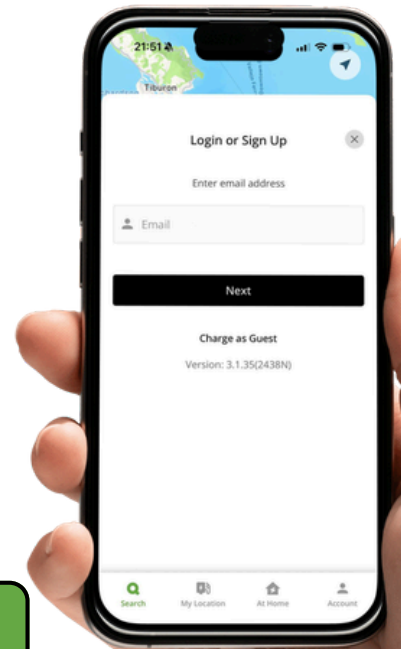

## 3. Enable location access

Allow location access to see chargers near you. You can also search manually anytime.

## 4. Add a payment method

Add your card to start charging with ease.

Prefer not to sign up? You can also charge as a guest, just enter your email and payment details.

# 2 FIND CHARGERS NEAR YOU

## Open the Search tab

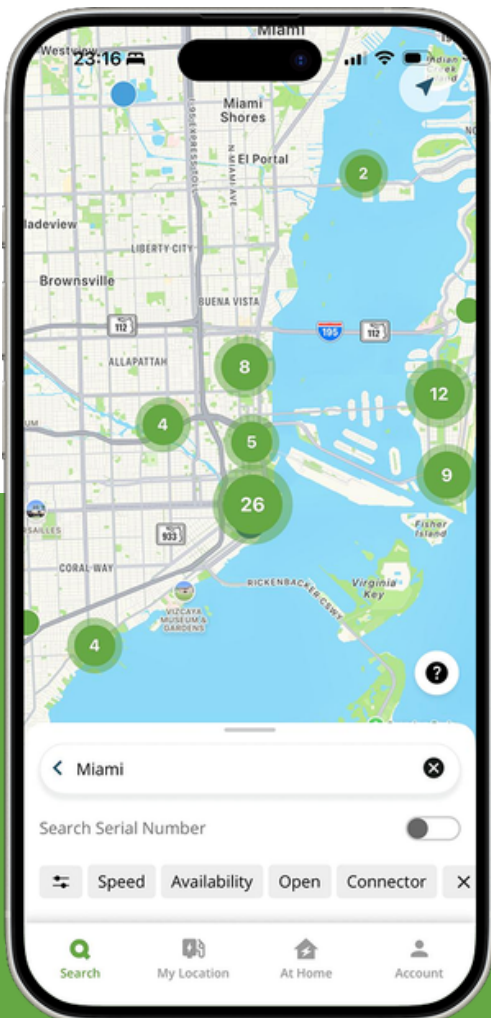

The map will automatically show chargers around your location.

## Search anywhere

Enter a city, address, postcode, or landmark.

## Explore the map

Move or zoom the map to discover more charging stations nearby.

## Refine your results

Use filters to find exactly what you need:

- Charging speed
- Availability
- Opening hours
- Connector type

Tap **Done** to apply filters or **Clear Filters** to reset.

Tip: Make sure the Serial Number search toggle is OFF when searching by location.

### 3

## SEARCH BY SERIAL NUMBER

Know exactly which charger to use?

### Turn on Serial Number search

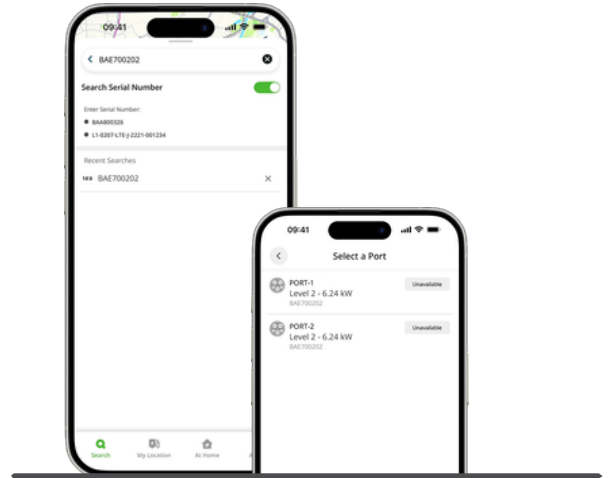

Use the toggle in the Search tab.

### Enter the serial number

Use the number provided or printed on the charger.

### Select a port

Choose an available port to start charging.

## Private access locations

Some charging stations are restricted.  
If you've been granted access:

- Go to My Location
- Select Private Access

Your locations will appear automatically, no setup required.

### 4

## START A CHARGING SESSION

### 1. Select a charger port

Tap any port marked Available.

### 2. Check pricing

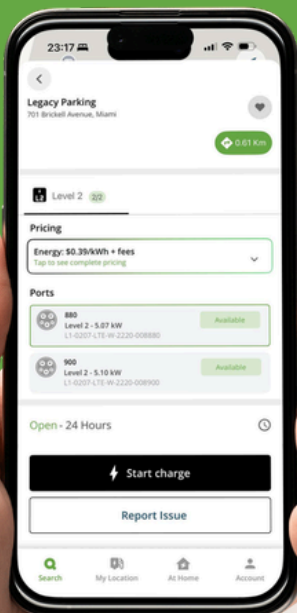

View energy rates and any applicable fees before starting.

### 3. Start charging

Plug in your vehicle and tap Start Charge.

### 4. Report issues (if needed)

Tap Report Issue if something isn't working.

5

## VIEW YOUR INVOICES

### Go to Account

Tap Account in the navigation bar.

### Open your history

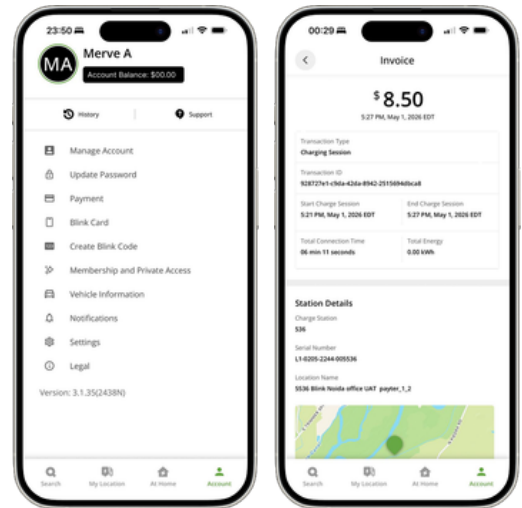

Select Charge History.

### Choose a session

Tap any session to view details.

### Review your invoice

See cost, duration, energy used, and station info.

## HELP, FEEDBACK & UPDATES

Need help or have feedback?

Visit the Help section in the app to find support, report issues, or share your experience. We're always working to improve your charging experience.
