

Kattsafe®

NEWSLETTER

Our newsletter contains an inside look into Kattsafe, a recap of key events from Q2, and what you can look forward to in the upcoming months.

Q2 Fiscal
Year 2026

SIMPLER SYSTEMS ARE SAFER SYSTEMS.

As we reach the halfway point of 2026, it's incredible to reflect on everything we've accomplished together and the momentum we've built.

The first half of the year has brought exciting progress—from new resources and customer initiatives to continued investments in our products, people, and capabilities.

As we look ahead to the second half of the year, we're focused on delivering even more innovative solutions, strengthening partnerships, and continuing to simplify safety for our customers.

Thank you for being part of our journey. Together, we'll continue advancing our mission of helping workers return home safely every day.

Wyatt Lynes

DOWNLOAD BROCHURE TO VIEW ELIGIBLE PRODUCTS

As America marks 250 years of innovation, craftsmanship, and perseverance, we're proud to celebrate the people and industries that continue to build the future right here at home.

At Kattsafe, American manufacturing is more than where our products are made—it's a commitment to quality, reliability, and supporting the workers who keep our country moving. That's why we're celebrating with Freedom 250, a summer campaign centered around our Made-in-USA Kattsafe Express product range.

(1) Campaign Sticker Sheet

(1) Richardson 355 Laser Perf Hat

Commemorative Thank You note

Join the Celebration

Whether you're placing an order or simply following along, we invite you to celebrate 250 years of American ingenuity while continuing our shared mission of helping workers return home safely.

Visit the Freedom 250 campaign page throughout the summer to explore:

- ★ Eligible Express products

TRADE SHOW RECAP

Trade Shows: ASSP and BOMA

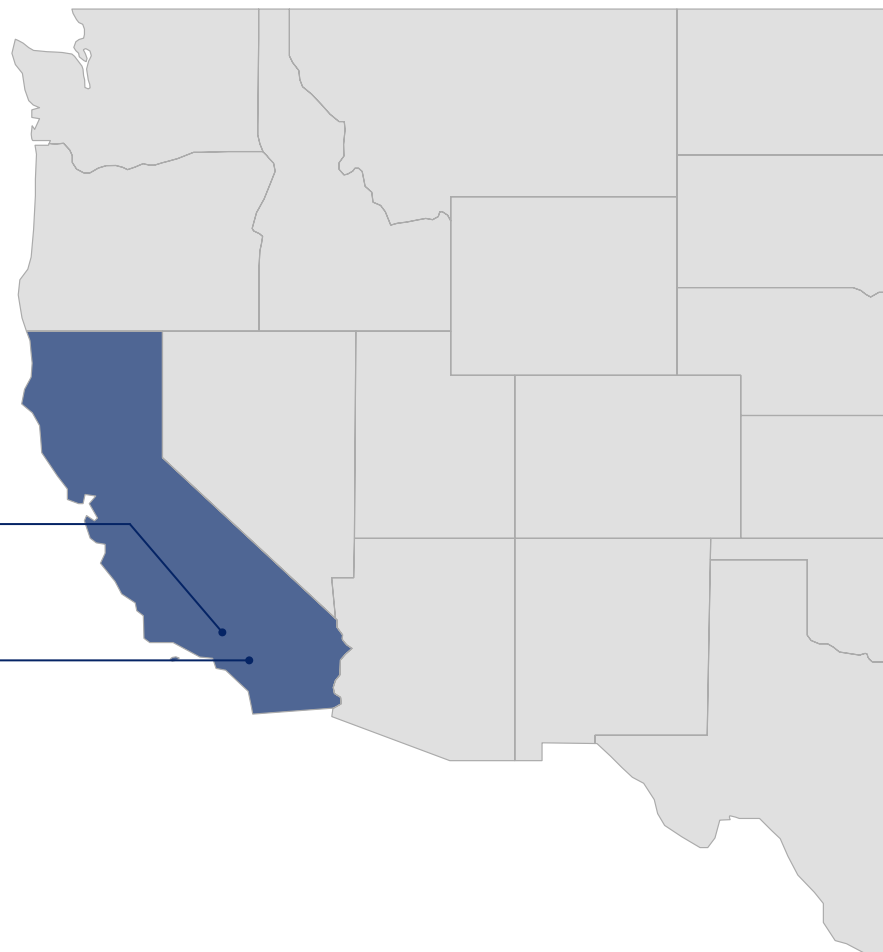

In Q2, our team had a great time exhibiting at the following trade shows:

1. ASSP in Anaheim, CA
2. BOMA in Long Beach, CA

Thank you to everyone who visited our booth and engaged with us. We look forward to continuing these valuable conversations and hope to see you at our next trade show, VPPPA, in Nashville, TN!

BIM/REVIT LIBRARY

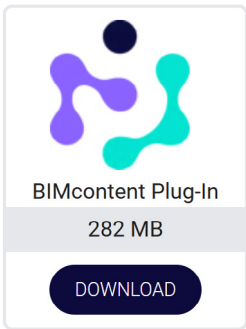

Browse the full library
kattsafe.com/specifiers/revit-bim-resources

Still working through project specs?

Use our BIM library to simplify the process—access accurate models, save time in design, and specify with confidence.

Built 100% natively in Revit, our library offers high-quality, easy-to-use models of our height access and fall protection systems, including guardrails, ladders, platforms, ramps, and more.

The full library is available on our website, with options to download individual families, product collections, or a complete Virtual Showroom project file.

Work Smarter in Revit
Access our full BIM library instantly with the free BIMcontent Revit Plugin—search, load, and place families without ever leaving your model.

LOOKING AHEAD

Below you can find some events and announcements to look forward to in the next upcoming months.

Upcoming Trade Show:

VPPPA

When:	Aug. 30 - Sep. 1, 2026
Where:	Gaylord Opryland
Booth Number:	#528

Join the Freedom 250 Celebration!

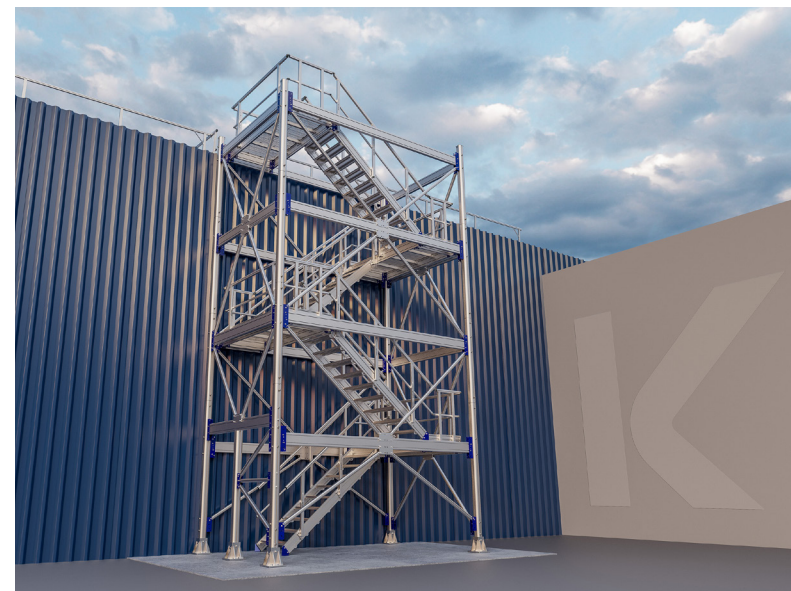

Whether you're placing an order or simply following along, we invite you to celebrate 250 years of American ingenuity while continuing our shared mission of helping workers return home safely.

New Product Coming Soon....

Stay tuned for more updates on our next product launch: **Industrial Modular Access**
