Join us for a Pre-Construction Information Meeting for Spring House (78 Springhurst and 1-3 Close Avenue)

The City of Toronto, in partnership with the University Health Network (UHN), is advancing Spring House, which will create 54 supportive homes in Parkdale as part of UHN's Social Medicine Housing Initiative.

Representatives from the City and CreateTO will be hosting a Pre-Construction Meeting to share information about the project and answer questions about the upcoming construction.

During the meeting, the project team will provide an overview of the construction schedule, anticipated construction activities, site logistics, community impacts and mitigation measures. Members of the community will have an opportunity to view a presentation and meet with staff to ask questions.
