

Join us to discuss the future Fire Hall at 165 Grenoble Drive

Toronto Fire Services has identified the need for a new fire hall to serve the Flemingdon Park community. As Toronto grows, it's important that our emergency services can provide the same quick response times to all residents and communities across the city.

A station in this area will enable life-saving services and allow Toronto Fire Services to meet the needs of a growing community.

CreateTO, the agency that ensures the City of Toronto's real estate assets are put to good use for the people of Toronto, identified the location for the new fire hall on behalf of Toronto Fire Services.

Let us answer your questions about the new fire hall.

The yellow star identifies the location of the new Fire Hall coming to 165 Grenoble Drive.

CreateTO is hosting two upcoming engagement opportunities including a Community Pop-up on June 16th and a Public Information Meeting on June 22nd. Staff from Toronto Fire Services and the City's Parks & Recreation division will join CreateTO at the Public Information Meeting to answer questions about this important project.

Upcoming Engagement Activities

Community Pop-Up

Date & Time:

Tuesday, June 16, 2026
