

Navigate the Complexity of Compliance & QA

Abstrakt helps you turn things like this...

- Only a small percentage of calls are reviewed or scored, hoping the rest fall within compliance standards.
- Waiting hours or days for a call to be processed or available for review and scoring it off an Excel spreadsheet.
- Finding out after the fact instead of real-time when a compliance issue occurs.

INTO RESULTS LIKE THIS

83% decrease in Quality Assurance Time

300% increase in agent's Sales Per Hour (SPH) within a week of using Abstrakt

Customer Acquisition Group can now identify in real-time any gaps in agent performance that may cause compliance issues or a decrease in customer satisfaction.
