35	Federal Contract Terms And Conditions 3. Equal Employment Opportunity ODP strikes this requirement as N/A. The purchases under the resulting contract do not meet the definition of "federally assisted construction contract," and Executive Order 11246 was revoked as of January 21, 2025.
44	Mandatory Affirmative Action Language. See the attached Strategic Supplier Network Commitment document.
73	13.4.1 Worksheet Tabs Market Basket Pricing ODP strikes the following: "Pricing shall reflect the Respondent's best national cooperative price."
75	13.4.1 Worksheet Tabs General Pricing Requirements ODP does not agree to base increases on any Index. Increases shall be tied to manufacturer price increases. CORE LIST: ODP will supply the products and services as attached hereto at the prices as set forth herein (the "Core List"). Core List pricing will be updated on a quarterly basis and thereafter will be updated no more than one time per calendar quarter. Upon request, and when available, ODP shall provide manufacturer documentation to verify that adjustments are being appropriately passed through. ODP will meet on an annual basis (or as otherwise necessary) to review the items on the Core List. Items

	on the Core List may be updated from time to time (to address additions, deletions, substitutions, and alternate products) in ODP's discretion, upon notification by ODP (including via e-mail). NON-CORE LIST. Items not on the Core List ("Non-Core Items"), but which are identified in the primary catalog (which may be either printed or virtual) for "contract" customers that is in circulation at the time of the order ("ODP Catalog"), will be priced at a discount off of the regular sales price (promotions excluded) set forth on www.odpbusiness.com at the time of the order, exclusive of bulk pricing discounts or other specials. The discount shall be as attached hereto at the discounts rates as set forth herein. Notwithstanding anything herein to the contrary, the price offering set forth in the first sentence of this subsection may not apply to (i) products in the following categories (as such categories are identified on www.odpbusiness.com): (i) Promotional Products, Gift Cards, and Warranties; and (ii) clearance items, and/or promotional items, including, but not limited to, Instant Savings, Coupon Savings, Mail-In Savings, and Bundled Savings (collectively, "Excluded Categories"). Non-Core Items that are not identified in the ODP Catalog but which are available on www.odpbusiness.com at the time of order ("ODP Web Assortment") shall be priced at web match as set forth on www.odpbusiness.com at the time of order. For clarity, price increases must be approved by Lead Agency prior to them taking effect, provided, however that (i) Lead Agency shall have not more than fifteen (15) days to approve price adjustments following receipt of Supplier's request, and failure to respond within fifteen (15) days shall be deemed acceptance thereof; (ii) such approval shall not be unreasonably withheld and shall be accompanied by written justification for withholding approval; and (iii) in the event that such approval is withheld, Supplier may, at its sole and unfettered discretion, elect to (a) provide Lead Agency with additional justification for such price increase, or (b) remove any item(s) for which price increase approval was withheld from the Market Basket attached to the Cost Proposal upon notice to Lead Agency. Notwithstanding anything to the contrary, in the event of any extraordinary changes in the market, including but not limited to tariffs and costs impacted by raw materials or supply and demand, ODP will have the right to adjust pricing immediately upon providing written notice to reflect such price increases.
76	14. Contract Price List Updates A(2). Annual/Renewal Price Adjustments ODP does not agree to base increases on any Index. Increases shall be tied to manufacturer price increases. 6.0 **ASSIGNMENT** - It is mutually understood and agreed that the successful bidder/proponent shall not assign, transfer, convey, sublet, or otherwise dispose of the contract or the right, title, or interest therein, or his power to execute such contract, to any other person, company, or corporation without the express, previous, written consent of Broome County.

Broome County requires that all vendors that use "light industrial trucks", as the term is defined by OSHA, provide written proof of training on the piece of equipment to be used for each employee that will use it (commonly referred to as a "forklift license". The written documentation must certify that the operator training meets or exceeds the OSHA standard. This mandate applies to all vendors' employees, independent contractors, and subcontractors. Failure to follow this standard shall be a material breach of your contract with Broome County. In the event of such a material breach, Broome County may exercise any/all its right at law, in equity and/or as recited in this contract.

8.0 **WITHDRAWAL - ERRORS - RESCISSION OF BID**

No Bid may be withdrawn after the bid deadline unless no award has been made within forty-five (45) days of bid opening.

In the case of a unilateral bid mistake, or error, by a Bidder, on any bid proposal, legislation allows the Bidder to withdraw the bid after showing that:

1) The mistake was known, or made known to the "County, Board, or Purchasing Agent" PRIOR to

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

theawarding of the contract, or within three (3) days after the bid opening, whichever period is shorter.

2) The price bid was based on an error of such magnitude that enforcement would be unconscionable.
3) The bid was submitted in good faith and the Bidder submits credible evidence that the mistake was a clerical error rather than a judgmental error.
4) The error was due to an unintentional substantial mathematical error, or unintentional omission of a substantial quantity of work, labor, material, or services, made directly in the compilation of the bid (which error or omission can be shown by objective evidence drawn from certain listed documents); and
5) It is possible to put the County in "status quo ante".

THE SOLE REMEDY FOR SUCH BID MISTAKE IS WITHDRAWAL OF THE BID AND THE RETURN OF ANY BID SECURITY. ANY AMENDMENT OR REFORMATION OF THE BID IS EXPRESSLY PROHIBITED.

C. **ERRORS**

Any errors in the bid award which are the fault of the County must be forwarded, in writing, to the Broome County Division of Purchasing within five (5) working days of the notification award. No corrections will be made beyond that date. If errors on the part of the County are discovered too late to be corrected, we will issue a "no award" on those affected items and re-bid or quote.

9.0 **RESCISSION OF AN AWARD**

After an award has been made by the County, and all participating agencies notified, there will be a $250 charge to vendors who then discover a mistake in their bid award and want the award rescinded. It is costly for the County to re-figure bid awards, notify all agencies involved and change all our records.

Vendors should be careful in figuring their bids **prior to** submission. The vendor requesting a bid rescission will be billed by the Division of Purchasing. If the bill is not paid by the vendor, the entire award may be rescinded, and the vendor's responsibility may be questioned for future bids.

If the successful bidder exhibits a history of back orders or delayed deliveries, the County of Broome reserves the right to rescind their award and the vendor's responsibility may be questioned for future bids.

10.0 If the bid is for furnishing supplies, materials, equipment, or services and is based upon a QUANTITY ESTIMATE, the bidder shall agree to furnish additional quantities, if required, at the price bid for the term of the contract.

11.0 **TAX EXEMPT STATUS** - Broome County is a political subdivision of the State of New York and as a government entity, is exempt under Purchase Tax Law, Section 1116. Broome County is not issued an exempt organization certificate or an ST119 with an exemption number by the New York State Department of Taxation and Finance. A copy of a Broome County Voucher, Purchase Order, or Petty Cash Form are the only certifications the vendor is required to keep for documenting the tax-exempt sale. Contractor's questions concerning Broome County's tax-exempt status should be directed to the Department of Audit and Control (607) 778-2178.

12.0 Price discrepancies between prices written in figures and prices written in words - the written words will be accepted as the price bid. In cases where price discrepancies written in figures between the unit

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

price(s) and the extended totals, the unit price(s) will be accepted as the price bid.

13.0 Broome County reserves the right to evaluate and/or reject all bids in whole or in part, and to waive technicalities, irregularities, and omissions, if, in the County's judgment, the best interests of Broome County will be served.

14.0 The words, "officer" or "officer of the company", means anyone having the "authority" to obligate their principal in the bidding and contract process. This person will provide documentation that they have this authority and will furnish the documentation within 72 hours, when requested, or be considered indicative of non-responsibility and will not be given further consideration.

15.0 Broome County also reserves the right to REVISE or AMEND the bid specifications prior to the bid opening date by WRITTEN ADDENDA for reasons other than 2.0 above.

16.0 **COUNTY CONTRACTS/NEW YORK STATE CONTRACTS** - Broome County Reserves the right to purchase from other Municipal contract(s), New York State contracts and/or Cooperative contracts as allowed by law.

17.0 **DELIVERY** - If the successful bidder fails to deliver within the time specified, or within a reasonable time as determined by the Broome County Purchasing Agent or fails to make immediate replacement of rejected items when so requested or as directed by the appropriate County Department, Broome County reserves the right to purchase the same or similar item(s) from other sources to replace the item(s) rejected or not delivered.

- On all such purchases, the Bidder agrees to reimburse the County promptly for excess costs occasioned by such purchases. Should the cost be less, the successful Bidder shall have no claim to the difference. Such purchases will be deducted from the estimated quantity.

- Reimbursement to the County, as noted above, may be in the form of a "credit", issued by the vendor and deductible from a current or future invoice. The request for credit will be documented by the ordering department, on a Broome County "charge back form".

18.0 Should any of the instructions/information in the attached bid package vary from the above, the bid package instructions/information will take precedence.

19.0 **CONTRIBUTION STATEMENT & GIFT STATEMENT**

A. Election law signed statements. The county shall require a signed statement for any contract or agreement that requires formal bidding under the New York State General Municipal Law, the Broome County Charter or Local Law of Broome County that the professional business entity has not made a contribution within one calendar year immediately preceding the date of the contract or agreement which exceeded the permitted thresholds set forth in article 14 of the Election Law of the State of New York.

charge(s), professional fee(s) or other expense(s) or liability(ies) of every kind arising from or relating to any and all claim(s), lien(s), demand(s), obligation(s), action(s), proceedings or causes of action of any kind in connection with, or arising directly or indirectly from the negligent error(s) and/or omission(s) and/or act(s) of the Contractor (including Contractor's employees, agents or and/or subcontractors) in the performance of this agreement.

Without limiting the generality of the preceding paragraphs, the following shall be included in the indemnity hereunder: any and all such claims, etc., relating to personal injury, death, damage to property, or any actual or alleged violation of any applicable statute (including specifically but not limited to New York State Labor Law §§ 200; 202; 240 & 241), ordinance, administrative order, executive order, rule or regulation, or decree of any court of competent jurisdiction in connection with, or arising directly or indirectly from, errors and/or negligent acts by the Contractor, as aforesaid,.

Part IV Safety

Broome County specifically reserves the right to suspend or terminate all work under this contract whenever Contractor and/or contractor's employees or subcontractors are proceeding in a manner that threatens the life, health, or safety of any of contractor's employees, subcontractor's employees, county employees or member(s) of the general public on county property. This reservation of rights by Broome County in no way obligates Broome County to inspect the safety practices of the Contractor.

If Broome County exercises its rights pursuant to this part, the contractor shall be given three days to cure the defect, unless Broome County, in its sole and absolute discretion, determines that the service cannot be suspended for three days due to Broome County's legal obligation to continuously provide contractor's service to the public or Broome County's immediate need for completion of the Contractor's work. In such case, Contractor shall immediately cure the defect.

If the Contractor fails to cure the identified defect(s), Broome County shall have the right to immediately terminate this contract. In the event Broome County terminates this contract, any payments for work completed by the Contractor shall be reduced by the costs incurred by Broome County in re-bidding the work and /or by the increase in cost that results from using a different vendor.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
2. Certify that you are not subject to backup withholding; or
3. Claim exemption from backup withholding if you are a U.S. exempt payee; and
4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and
5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;
2. You do not certify your TIN when required (see the instructions for Part II for details);
3. The IRS tells the requester that you furnished an incorrect TIN;
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or
5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under *"By signing the filled-out form"* above (for reportable interest and dividend accounts opened after 1983 only).

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

- **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

- **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

- **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

- **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

- **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/EIN*. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Go to *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

[Attachment to Follow]

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

FEDERAL CONTRACT TERMS AND CONDITIONS

When a participating agency seeks to procure goods and services using funds under a Federal grant or contract, specific Federal laws, regulations, and requirements may apply in addition to those under state law, including without limitation the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the "**Uniform Guidance**" or "**EDGAR**" requirements).

All Respondents submitting proposals must complete this Federal Contract Terms and Conditions certification form regarding Respondent's compliance with certain requirements which may be applicable to specific participating agency purchases using Federal grant funds. This completed form shall be made available to Participating Agencies for their use while considering their purchasing options when using Federal grant funds. Participating Agencies may also require supplier partners to enter into ancillary agreements, in addition to the Master Agreement's general terms and conditions, to address the Participating Agency's specific contractual needs, including contract requirements for a procurement using Federal grants or contracts.

For each of the items below, Respondent should certify its agreement and ability to comply, where applicable, by having its authorized representative sign the acknowledgment at the end of this form. If Respondent fails to complete any item in this form, CoreTrust shall consider Respondent's response to be that it is unable or unwilling to comply. A negative response to any of the items may, if applicable, impact the ability of a participating agency to purchase from the supplier partner using Federal funds.

1. SUPPLIER PARTNER VIOLATION OR BREACH OF CONTRACT TERMS

Contracts for more than the simplified acquisition threshold currently set at one hundred fifty thousand dollars ($150,000), which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where supplier partners violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Any contract award shall be subject to the Master Agreement, as well as any additional terms and conditions in any purchase order, participating agency ancillary contract, or Participating Agency construction contract agreed upon by supplier partner and the Participating Agency which must be consistent with and protect the Participating Agency at least to the same extent as the Master Agreement.

The remedies under this agreement are in addition to any other remedies that may be available under law or in equity. By submitting a proposal, you agree to these supplier partner violation and breach of contract terms.

Participating agency also reserves the right to terminate the contract immediately, with written notice to supplier partner, for convenience, if participating agency believes, in its sole discretion that it is in the best interest of participating agency to do so. Respondent shall be compensated for work performed and accepted and goods accepted by participating agency as of the termination date if the contract is terminated for convenience of participating agency. Any award under this procurement process is not exclusive and participating agency reserves the right to purchase goods and services from other supplier partners when it is in participating agency's best interest.

In accordance with the statute, supplier partner is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determinate made by the Secretary of Labor. In addition, supplier partner shall pay wages not less than once a week.

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, shall not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor shall take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable shall, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants shall receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, and labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it shall discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading, and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

ATTACHMENT 4 – C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information is available in Local Finance Notice 2006-1 (https://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html).

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission shall not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This shall assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

   a) The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at_https://www.state.nj.us/dca/divisions/dlgs/programs/pay_2_play.html. They shall be updated from time-to-time as necessary.

   b) A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**

   c) Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.

   d) The form may be used "as-is", subject to edits as described herein.

   e) The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.

   f) The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This shall assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency in the state of New Jersey that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract;
    - of that county in which that public entity is located;
    - of another public entity within that county; or
    - of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county.

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This shall assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

*N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

General Pricing Requirements
All pricing shall remain firm for the initial contract term and include all costs necessary for delivery, installation, and performance.

Optional price adjustment mechanisms for renewals shall be clearly described and tied to a recognized index (e.g., CPI or manufacturer increase documentation).

Pricing must be extendable to all Participating Public Agencies utilizing the resulting cooperative contract. Failure to complete all applicable tabs may result in disqualification or reduction in scoring within the Cost Evaluation category.

Offerors shall provide a transparent pricing structure based on a discount from a verifiable price list, a fixed price, or a combination of both with indefinite quantities. Pricing must be structured to allow easy verification, with clear documentation on how discounts are applied to different products and/or product categories. Any exceptions to the discounts proposed must be clearly identified. Additional pricing and/or discounts may be included and are strongly encouraged.

The pricing terms and conditions offered to Lead Agency under this Agreement, in the aggregate, are as favorable as those offered by the Vendor to any of its similarly situated cooperatives serving the public sector. The pricing offered hereunder will be based on several factors, including, but not limited to, the overall product mix, purchase volume, and service-level requirements. Pricing for Participants may be customized based on numerous factors, but the Vendor cannot guarantee that any one individual Participant's pricing will be as favorable as any other individual Participant's pricing.

The Lead Agency reserves the right to reject product from the pricelist that is determined, at their sole discretion, to have an unreasonably high NTE price. Such determination shall be based on available industry pricing guide(s) and comparison with pricing offered by competitors in the same geographic area.

Proposed prices are Not-To-Exceed (NTE) pricing.

Prices must be in U.S. dollars not exceeding two decimal places. (e.g. $100.50)

Discount percentages must not exceed two decimal places. (e.g. 10.15%). Discount percentages shall never be decreased throughout the term of the resulting Contract, although the awarded Supplier may offer better discounts or more advantageous pricing to Participating Entities at any time.

All pricing shall be provided based on a national scope for any and all government agencies within the United States.

If an Original Equipment Manufacturer (OEM) product is specified in the Proposed Pricing Pages, the supplier MUST provide pricing for that manufacturer's product and/or equivalent OEM product specified. DO NOT submit a generic equivalent, reconditioned, or reloaded item unless the item SKU specifically describes an item that may fall into one of those categories. If the reference SKU reflects a generic equivalent, reconditioned, or reloaded item, the supplier may submit their own generic item for consideration. Generic items will also be identified on the Proposed Pricing Pages document. It should be noted that the successfully awarded supplier will be able to market generic, reconditioned, reloaded items that the proposer considers to be equal to the listed SKUs to agencies after contract award.

The awarded Supplier's Section O – Cost Proposal Workbook shall become the Contract Price List.

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

The Quote for Broome County, found in Section O – Cost Proposal Workbook, shall become part of the financial evaluation. The Market Basket items reflect additional items from various diverse categories of items which Lead Agency and CoreTrust Purchasing Group wish to make available to agencies on the final Agreement.

If during the Contract term the Lead Agency or CoreTrust becomes aware that the awarded Supplier is selling substantially the same or a smaller quantity of a Product outside of this Contract upon the same or similar terms and conditions as that of this Contract at a lower price to a federal, state or local governmental entity, the price under this Contract, after consultation with the awarded Supplier, may be reduced to a lower price on a prospective basis at the discretion of the Lead Agency or CoreTrust. Lead Agency and CoreTrust reserve the right to request information to verify pricing for the purposes of this clause.

14. CONTRACT PRICE LIST UPDATES

The awarded Supplier's Cost Proposal shall become the official Contract Price List. The Supplier may update the Contract Price List after the effective start date of the Master Agreement to reflect pricing changes, product or service additions, or the removal of discontinued items.

The awarded Supplier shall submit a comprehensive summary of all Contract Price List Updates to CoreTrust each month, including documentation and justification for any price changes or product/service updates. CoreTrust will assist the awarded Supplier in navigating the update process.

A(2). Annual/Renewal Price Adjustments:
The awarded Supplier will notify CoreTrust, on behalf of the Lead Agency, 30 days in advance of any requested annual price changes prior to the one (1) year anniversary of the effective date of the resulting Contract, annually thereafter, and prior to Contract renewals.

The awarded Supplier shall submit a formal request, in writing, to CoreTrust, on behalf of the Lead Agency, at least 30 days in advance with supporting documentation such as:

- Industry cost indices (e.g., Bureau of Labor Statistics, Producer Price Index)
- Assurance that discounts as bid and awarded remain unchanged

CoreTrust, on behalf of the Lead Agency, will entertain requests for escalation in accordance with the current industry cost indices at the time of the request or up to a maximum 5% increase over the current pricing, whichever is lower.

CoreTrust, on behalf of the Lead Agency, reserves the right to accept or reject the request for a price increase and will do so in writing. If the price increase is approved, the price increase is effective upon written approval and will remain firm for one (1) year.

If a price increase is requested following contract renewal and it has been longer than one (1) year since the last increase, CoreTrust, on behalf of the Lead Agency, may entertain a request for escalation if it is in the Contract's best interest. If the price increase is approved, the price increase is effective upon written approval and will remain firm for one (1) year, at CoreTrust's sole discretion.

The percentage discount from the Contract Price List must remain unchanged.

The awarded Supplier shall be responsible for providing adequate notice to the Lead Agency of such situations. It is desired that such pricing remain fixed and firm through the resulting Contract and only amended during annual/Contract renewal price adjustments (or monthly updates); however, in the event of extreme changes in market conditions, the awarded Supplier shall advise Lead Agency as soon as feasible regarding the circumstances surrounding such extreme market condition changes. The Lead Agency reserves the right to accept or reject such requests based on their merit. The awarded Supplier must justify the temporary price change, provide assurance that discounts as-bid and awarded remain firm, and detail how long the temporary adjustment will remain in effect. Such pricing changes must be approved by the Lead Agency prior to implementation.
The awarded Supplier shall submit formal requests, in writing, for temporary pricing escalation or de-escalations for extenuating circumstances at least 30 days in advance to CoreTrust, on behalf of the Lead Agency.

•Addition of Products/Services: The awarded Supplier **must** provide manufacturer name, SKU/part numbers, description, UOM, list price, contract NTE list price, and discount percentage off the NTE list price. All specifications and requirements of this Solicitation will apply to anything additionally added during the resulting Contract term.

•Removal of Products/Services: The awarded Supplier **must** provide a list of items removed, including SKU/part numbers, descriptions, and contract pricing. If the removal is due to EOL status, the awarded Supplier must follow the EOL notice requirements in this Solicitation.

If requested, can you explain how you can meet local government preferences for community- based qualifications, such as local, veteran-owned, or small businesses, and matching contractors to the communities they serve. Are there additional costs to meeting these requirements and how should those costs be accounted for in the pricing? See also, 23. Sustainability Programs.

26. UNBALANCED PROPOSALS

A. The Lead Agency expects balanced submissions with sustainable pricing, not artificially low "moment-in-time" pricing. If the Lead Agency questions the viability of pricing that appears significantly below market value or otherwise unbalanced, it reserves the right to require an eighteen (18) month look-back at web and/or list pricing to validate market appropriateness. Price lists determined to be unbalanced may be rejected or excluded from evaluation.
B. To ensure long-term contract viability, the Supplier must commit to maintaining at least ninety-five percent (95%) of its proposed catalog available for ordering by Participating Agencies for the full term of the Contract. Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

(ii) The Participating Entity determines that the inclusion of such additional or alternative terms and conditions results in a transaction which is, on an overall basis, more favorable to the Participating Entity than if the transaction did not include such additional or alternative terms and conditions; and

(iii) The Participating Entity accepts such additional or alternative terms and conditions.

No additional or alternative term and condition shall be valid or binding to the Participating Entity to the extent that such additional or alternative term and condition is less favorable to the Participating Entity than, or conflicts with, the Participating Entity's Contract.

No additional or alternative terms and conditions may be incorporated by the Contractor into a Participating Entity's Contract by unilaterally affixing them to the Product upon delivery (including, but not limited to, attachment or inclusion of standard pre-printed order forms, product literature, "shrink wrap" terms accompanying software upon delivery, or other documents) or by incorporating such terms and conditions onto order forms, purchase orders or other documents forwarded by the Contractor for payment, notwithstanding Participating Entity's subsequent acceptance of Product, or that Participating Entity has subsequently processed such document for approval or payment.

SECTION H – REQUIREMENTS FOR NATIONAL COOPERATIVE CONTRACT

1. NATIONAL OFFERING. This Section H defines the expectations for qualifying Suppliers based on CoreTrust's and Lead Agency's requirements to market the resulting Master Agreement nationally to potential Participating Agencies. All transactions, purchase orders, invoices, and payments shall occur directly between Supplier and each Participating Agency, individually, and neither CoreTrust nor Lead Agency, including their respective agents, directors, employees, or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., of or incurred by any other Participating Agency. Supplier is responsible for knowing the tax laws in each state. These requirements are incorporated into and are considered an integral part of this solicitation and are hereby incorporated into the Administration Agreement and Master Agreement. CoreTrust reserves the right to determine whether to make the Master Agreement awarded by Lead Agency available to any Participating Agency, in its sole and absolute discretion, and any party submitting a response to this solicitation acknowledges that any award by Lead Agency does not obligate CoreTrust to make the Master Agreement available to Participating Agencies.

2. AUTHORIZATION OF CONTRACTORS, SUBCONTRACTORS, DEALERS, RESELLERS, AND DISTRIBUTORS. If Lead Agency or Respondent requires the use of contractors, subcontractors, dealers, resellers, or distributors to sell or service the Products & Services included in their proposal, the proposal should provide a list of or direct the proposal review team to where they can locate a list of the Respondent's dealers, resellers, or subcontractors who shall be authorized to sell through the contract in the event the Respondent receives a contract award. In the event Respondent receives a contract award and, during the term of such Master Agreement, additional or different contractors, subcontractors, dealers, resellers, or distributors are required by Lead Agency, Participating Agency, and/or Respondent (as applicable), the use of such additional or different contractors, subcontractors, dealers, resellers, or distributors shall be subject to the other party's consent (which approval shall not be unreasonably withheld, conditioned, or delayed) as evidenced in a writing signed by an authorized representative of each of Respondent and Lead Agency.

3. AWARD BASIS. The award of any Master Agreement resulting from this solicitation made by Lead Agency shall be the basis through which CoreTrust makes available the Master Agreement on a national level through the CoreTrust national cooperative contract program. If multiple Respondents are awarded by Lead Agency under the Master Agreement, those same Respondents shall be required to extend the Master Agreement to Participating Agencies through CoreTrust. Utilization of the Master Agreement by Participating Agencies shall be at the discretion of the individual Participating Agency. Certain terms of the Master Agreement specifically applicable to Lead Agency (*e.g.* governing law) are subject to modification for each Participating Agency as Supplier, such Participating Agency, and CoreTrust shall agree without being in conflict with the Master Agreement. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (*i.e.* invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and Supplier (contract sales are reported to CoreTrust).

4. MARKETING, SALES, AND ADMINISTRATIVE SUPPORT. CoreTrust shall provide marketing, sales, and administrative support to Supplier as determined by CoreTrust to market and promote the Products & Services on a national level. Such support and Supplier obligations shall be further detailed in the Administrative

Agreement and may include, without limitation, training support, marketing collateral, website materials, participation in pitches and sales calls, trade shows, advertising, and social media campaigns.

5. ADMINISTRATIVE FEE. Suppliers shall be obligated to remit an Administrative Fee to CoreTrust in consideration of CoreTrust's support of the Program. Such Administrative Fee shall be paid by Supplier in accordance with the terms of the Administration Agreement.

WHEREAS, CoreTrust makes its Master Agreements available through groups and associations ("**Association Partners**") that contract with CoreTrust to provide additional benefits to such Association Partners' members;

WHEREAS, Program Participants, Association Partners, and Association Partners' members are referred to herein as "**CoreTrust Participants**;"

WHEREAS, Lead Agency issued a best value solicitation ("**solicitation**") on behalf of CoreTrust Participants and solicited responses from companies ("**Respondent(s)**") for Heavy Equipment Rentals with related products and services, as further described in Supplier's cost proposal submission (collectively, "**Products & Services**"), and awarded a contract to Supplier; and

WHEREAS, CoreTrust shall make available this Master Agreement to Program Participants for procurement of Supplier's Products & Services, and Supplier shall provide the same to Program Participants subject to this Master Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Parties agree as follows:

1. PERSONNEL; EQUIPMENT. Supplier shall provide the Products & Services to all Program Participants at the prices set forth in its cost proposal submission delivered in response to the solicitation. Supplier shall engage such subcontractors, personnel, and/or specialized equipment necessary to furnish Products & Services to all Program Participants throughout the Term of this Master Agreement.

2. SUPPLEMENTAL AGREEMENTS. No separate agreement shall apply to the Products & Services ordered under this Master Agreement.

3. PRICING

a. Charges. All amounts to be paid by Program Participants for Products & Services are provided in the cost proposal attached to the solicitation as Section O ("**Cost Proposal**"). Supplier agrees that there are no other rates, fees, charges, or other monetary incentives for Products & Services except those listed in Supplier's Cost Proposal.

b. Restrictions. All pricing is "Not-To-Exceed," where Program Participants shall receive pricing that does not exceed the per-unit pricing provided in Respondent's Cost Proposal. No price increases are permitted within the first ninety (90) days after the Effective Date hereof. Thereafter, Supplier shall notify CoreTrust in writing immediately upon Supplier's determination of any price increase, and all price increases shall be requested in writing to Lead Agency. Supplier shall deliver to Lead Agency manufacturer documentation or a formal cost justification letter simultaneous with such request. For clarity, price increases must be approved in writing by Lead Agency's authorized representative in order to take effect, and no payment for additional materials or services beyond the amount stipulated in the Cost Proposal shall be paid without

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

such prior approval. Supplier shall maintain all current pricing on file with CoreTrust, and shall provide to CoreTrust all price changes using the same format as was accepted in the original awarded contract.

4. TERM; TERMINATION

a. Term. This Master Agreement commences as of the effective date ("**Effective Date**") identified in the Master Agreement Acceptance Form attached to the solicitation as Section J ("**Master Agreement Acceptance Form**") and continues for the later of: (i) three (3) years; and (ii) the expiration date identified in the Master Agreement Acceptance Form ("**Termination Date**") unless extended, terminated, or canceled as set forth herein ("**Initial Term**"). Thereafter, Lead Agency may opt to renew his Master Agreement for two (2) additional one (1) year period(s) (each, a "**Renewal Term**") unless this Master Agreement is earlier terminated as set forth herein. By the Parties' mutual written consent, the Term of this Master Agreement may be extended beyond the Initial and Renewal Term(s) ("**Extended Term**"). The Initial Term together with all Renewal Terms and Extended Terms exercised are hereinafter collectively referred to as the "**Term**."

b. Termination. Each Party may terminate this Master Agreement: (i) at any time upon mutual written consent of all Parties' respective authorized representatives; (ii) upon ten (10) additional days' written notice in the event another Party breaches a material obligation hereunder, and (if such breach is curable) such Party fails to cure the breach or provide acceptable reassurance to the non-breaching Party(ies) within thirty (30) calendar days of receiving written notice thereof; and/or (iii) upon five (5) business days' written notice: (1) if another Party is adjudged insolvent or bankrupt or makes any assignment for the benefit of creditors; (2) upon the appointment of a receiver, liquidator, or trustee of another Party's property or assets; or (3) upon liquidation, dissolution, or winding up of another Party's business.

c. Effect of Termination. Upon termination of this Master Agreement for any reason, all Confidential Information shall be promptly returned to the Disclosing Party. Supplier shall immediately cease all sales of Products & Services to any Program Participant under and through the terms of this Master Agreement. Following the effective date of termination, Supplier shall not be precluded from selling its products and services to individuals, businesses, and entities that were Program Participants when this Master Agreement was in effect, either directly or through some other contract vehicle. Following the effective date of termination, Lead Agency and CoreTrust shall not be precluded from transitioning individuals, businesses, and entities that were Program Participants when this Master Agreement was in effect to another agreement or supplier.

5. CONFIDENTIALITY. This Section 5 shall apply solely to the extent permitted by applicable law. The non-public nature and details of the business relationship established hereunder, and each Party's ("**Disclosing Party**") non-public business information to which another Party (the "**Receiving Party**") becomes privy during the Term, constitute the Disclosing Party's confidential and proprietary information ("**Confidential Information**"), the disclosure, copying, or distribution of which in breach of this Master Agreement could result in harm to the Disclosing Party. Each Party shall maintain the other Parties' Confidential Information in the strictest confidence and shall not disclose, copy, or distribute the other Parties' Confidential Information, whether orally or in writing, directly or indirectly, in whole or in part, except to those of the Receiving Party's employees, agents, subcontractors, consultants, and suppliers with a need to know the Confidential Information who are bound: (a) in writing to these confidentiality obligations; and/or (b) by a professional duty of confidentiality. The foregoing shall not limit a Receiving Party, for purposes of marketing, from informing actual or potential CoreTrust Participants of the existence of a general contractual relationship between the Parties. The confidentiality obligations set forth in this Section shall continue in effect for the Term and thereafter for so long as permitted under applicable law. For clarity, "Confidential Information" shall not include information: (i) which is or becomes generally available to the public other than through the fault of the Receiving Party or a third party acting on the Receiving Party's behalf; (ii) which was available on a non-confidential basis prior to its disclosure by the Disclosing Party; and/or (iii) which becomes available to a Receiving Party on a non-confidential basis from a source other than the Disclosing Party or its representatives (provided, such source is not known by the Receiving Party to be subject to any prohibition against transmitting the information). Notwithstanding anything to the contrary herein, if a Receiving Party is required by applicable law, legal process, and/or court of competent jurisdiction to disclose the Disclosing Party's Confidential Information, the Receiving Party shall: (1) promptly notify the Disclosing Party in writing (to the extent legally permitted) so that the Disclosing Party may seek a protective order or other appropriate remedy; (2) furnish only that portion of the Confidential Information which is legally required; and (3) reasonably cooperate with the Disclosing Party's defense against such compelled disclosure (if any), at the Disclosing Party's expense and written request.

6. INDEMNIFICATION. Supplier shall hold the CoreTrust harmless from, and indemnify CoreTrust against, any and all claims, demands, and actions based upon or arising out of any activities the Supplier and its employees and agents may

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

perform under this Master Agreement and any related contracts or orders thereunder. Supplier shall defend any and all actions brought against CoreTrust based upon any such claims or demands.

7. INSURANCE. During the Term and for two (2) years following expiration or termination of this Master Agreement, Supplier at its own expense shall maintain, and shall require its agents, subcontractors, and suppliers engaged in Supplier's performance of its duties hereunder to maintain, general liability insurance, property insurance, and automobile insurance (at a minimum, in the amount of $1,000,000 per occurrence/$5,000,000 annual aggregate) applicable to any claims, liabilities, damages, costs, and expenses arising out of its performance under this Master Agreement and with respect to, or arising out of, Supplier's provision of Products & Services to Program Participants. Lead Agency, CoreTrust, and their respective officers, directors, employees, and agents shall be named as certificate holders on Supplier's related insurance policies. All such insurance policies shall incorporate a provision requiring written notice to Lead Agency and CoreTrust at least thirty (30) days prior to the cancellation, non-renewal, and/or material modification of any such policies. Supplier shall submit to CoreTrust within ten (10) calendar days after the Effective Date, and prior to furnishing Products & Services to any Program Participants, valid certificates evidencing the effectiveness of the foregoing insurance policies. Supplier shall provide such valid certificates on an annual basis until the terms of this Section are no longer applicable.

8. AUDIT. Lead Agency, whether directly or through an independent auditor or accounting firm, may perform audits of Supplier materials, including inspection of books, records, and computer data relevant to Supplier's provision of Products & Services to Program Participants pursuant to this Master Agreement, to ensure that pricing, inventory, quality, process, and business controls are maintained; provided, such inspections and audits shall be conducted upon reasonable notice to Supplier and in a manner not unreasonably interfering with Supplier's ordinary business operations.

9. MISCELLANEOUS

a. Submission Review. Lead Agency shall review proposed Respondent contract documents. Respondent's contract document shall not become part of Lead Agency's and CoreTrust's contract with Respondent unless and until an authorized representative of each of Lead Agency and CoreTrust reviews and approves it in writing.

b. General. This Master Agreement, together with all solicitation components of the solicitation, the components of Supplier's proposal, attachments, appendices, and exhibits hereto, constitutes the Parties' entire agreement with respect to the subject matter hereof and supersedes all prior oral or written representations and agreements with regard to the same. Supplier's complete and final solicitation response is hereby incorporated into and made part of this Master Agreement. No release, discharge, abandonment, waiver, alteration, or modification of any provision of this Master Agreement shall be binding upon any Party unless set forth in a writing signed by authorized representatives of the Parties. This Master Agreement should be construed without regard to any rule requiring interpretation against the drafting Party. Waiver by any Party(ies) of or the failure of any Party(ies) hereto to enforce at any time its rights with regard to any breach or failure to comply with any provision of this Master Agreement by the other Party(ies) may not be construed as, or constitute, a continuing waiver of such provision, or a waiver of any other future breach of or failure to comply with the same provision or any other provision of this Master Agreement. If any provision hereof is found by a court of competent jurisdiction to be invalid or unenforceable, it shall be enforced to the extent permissible and the remainder of this Master Agreement shall remain in full force and effect. This Master Agreement may be executed in one or more counterparts, each of which shall be deemed an original. For purposes of this Master Agreement, a facsimile, scanned, or electronic signature shall be deemed an original signature. In the event of conflict between terms in this Master Agreement and the terms of the solicitation or any section or attachment thereto, the following order of precedence applies: (i) the terms in the body of this Master Agreement; (ii) specifications and scope of work, as awarded; (iii) attachments and exhibits to the Master Agreement; (iv) the solicitation and all attachments thereto; and (v) Respondent's proposal and all attachments thereto.

c. Force Majeure. The Parties' obligations hereunder shall be temporarily suspended during any period a Party is unable to carry out its obligations under this Master Agreement by reason of a Force Majeure Event. For purposes of this Master Agreement, a "**Force Majeure Event**" means an occurrence negatively affecting a Party's performance hereunder and which is beyond such Party's reasonable control, including an act of God or public enemy, act of terrorism, pandemic or epidemic, fire, flood, civil commotion, or closing of the public highways. No Party shall have any responsibility to the other Party for a delay in performance nor failure to perform to the extent this Master Agreement is so temporarily suspended; provided: (i) nothing contained herein shall apply to payment obligations with respect to obligations which have already been performed under this Master Agreement; and (ii) the affected Party: (1) promptly notifies the other Party of such Force Majeure Event and the reasonably expected duration thereof; (2) exercises commercially reasonable efforts to promptly

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

remedy, remove, or mitigate the effects of such Force Majeure Event to the extent reasonably possible; and (3) promptly resumes performance of any suspended obligation upon cessation of such Force Majeure Event.

d. Assignment. This Master Agreement and the rights and obligations hereunder are not assignable by any Party hereto without the prior written consent of the other Parties, which consent shall not be unreasonably withheld, conditioned, or delayed; provided, Supplier may assign its respective rights and obligations under this Master Agreement without the consent of the other Parties in the event Supplier undergoes a corporate reorganization, consolidation, merger, sale, or transfer of all or substantially all of its assets to another entity. Subject to the preceding sentence, this Master Agreement shall be binding upon, inure to the benefit of, and be enforceable by the Parties and their respective successors and assigns. Any instrument purporting to make an assignment in violation of this Section shall be null and void. This Master Agreement may be extended to additional entities affiliated with the Parties upon the mutual written agreement of the Parties' authorized representatives; provided, no such extension shall relieve the extending Party of its rights and obligations under this Master Agreement.

e. Relationship. Nothing contained in this Master Agreement creates any agency, partnership, or other joint enterprise between the Parties. The Parties shall at all times be independent contractors. No Party has authority to contract for or bind another Party in any manner whatsoever except as expressly permitted under this Master Agreement. This Master Agreement is made solely for the benefit of the Parties, and no third party shall acquire or have any right under or by virtue of this Master Agreement.

f. Governing Law. This Master Agreement shall be governed by and construed in accordance with the laws of the State of NEW YORK and the United States of America, without regard to their respective conflict of laws principles. THE PARTIES EACH EXPRESSLY SUBMIT AND CONSENT TO THE JURISDICTION OF ANY COURT HAVING JURISDICTION OVER BROOME COUNTY, NEW YORK WITH RESPECT TO ANY LEGAL PROCEEDING ARISING OUT OF, OR RELATING TO, THIS MASTER AGREEMENT. EACH PARTY EXPRESSLY WAIVES ANY OBJECTION THAT IT MAY HAVE BASED UPON LACK OF PERSONAL JURISDICTION, IMPROPER VENUE, OR *FORUM NON CONVENIENS*. In the event any Party initiates a suit and that suit is adjudicated by a court of competent jurisdiction, the prevailing Party shall be entitled to pursue recovery of reasonable attorneys' fees and costs from the non-prevailing Party, in addition to any other relief to which such court determines the prevailing Party is entitled or awarded.

g. Survival. In addition to those provisions which by their nature survive the expiration or termination of this Master Agreement, Sections 2 and 4 through 9 shall so survive.

h. Notice. All notices, claims, certificates, requests, demands, and other communications required or permitted hereunder must be in writing and shall be deemed effective: (i) when delivered personally to the recipient; (ii) the next business day following deposit with a nationally recognized overnight courier service; and/or (iii) three (3) days following deposit with the U.S. Postal Service if by certified or registered mail, return receipt requested and postage prepaid. 1. PAR PARTY OBLIGATIONS

a. Mutual. Each Party shall cooperate in good faith to reasonably enable each Participating Agency's procurement of the Products & Services as contemplated hereunder.

b. CoreTrust. In addition to and without limiting Sections 1(a) and 4, CoreTrust shall conduct the following activities pursuant to this Admin Agreement and (as applicable) the Plan:

(i) Supplier Sales Training. CoreTrust shall during the Term develop, as appropriate and subject to Supplier approval (which approval shall not be unreasonably withheld, conditioned, or delayed), various sales training materials, sales tools, and marketing collateral to promote Supplier's Products & Services. In addition to the foregoing, CoreTrust shall (as appropriate) during the Term, and subject to CoreTrust's scheduling requirements: (1) conduct periodic sales trainings with Supplier sales representatives assigned to sell Products & Services; (2) provide such sales representatives with marketing collateral and sales tools to utilize with the Organizations, with particular focus on CoreTrust's procurement process and Organizations' legal ability in any applicable state (as further described in the Attachments) to purchase Products & Services without having to conduct their own bid or solicitation process; and (3) attend at least one Supplier company-wide sales and / or leadership meeting per year.

(ii) General Sales Support. CoreTrust shall, subject to CoreTrust's scheduling requirements, engage in Supplier sales efforts as agreed in writing between the Parties through participating in: (1) individual sales calls; (2) joint sales calls; (3) communications and customer service; (4) discussions and communication with Organizations during the sales process to address questions related to CoreTrust's procurement process, legal authority to purchase through the Cooperative Program, and Cooperative Program design; (5) trainings for Participating Agencies' teams; (6) regular business reviews to monitor Cooperative Program success; and (7) general contract administration.

(iii) Marketing. CoreTrust shall incorporate information about the Products & Services into CoreTrust's website and general collateral materials. CoreTrust and Supplier shall jointly develop and approve marketing materials to promote Products & Services, such as website content, print materials, talking points, press releases, and general correspondence. Subject to CoreTrust's scheduling requirements, CoreTrust shall market the Products & Services to Organizations as part of CoreTrust's ongoing Cooperative Program and other marketing activities, which may consist of: (1) general marketing of all of CoreTrust's master agreements, including Supplier's Products & Services; (2) marketing of Supplier's Products & Services specifically and / or as part of a package of selected master agreements to targeted Organizations; and (3) attending trade shows, conferences, and meetings, among other activities in CoreTrust's reasonable discretion.

c. Supplier. In addition to and without limiting Sections 1(a) and 4, Supplier shall conduct the following activities pursuant to this Admin Agreement and (as applicable) the Plan:

(i) Contract Administrator; Registration. Supplier shall identify a national account manager on the Cover Page and a separate executive corporate sponsor, each of whom is responsible for the overall management of this Admin Agreement, and notify CoreTrust promptly in writing following any change to such designee(s). Supplier is responsible for ensuring that each Organization has completed CoreTrust's registration process as designated by CoreTrust to Supplier prior to processing such Organization's first order.

(ii) Sales Commitment. Supplier shall market the Cooperative Program in the public sector as more thoroughly described in this Admin Agreement and the Plan. Supplier shall make available to interested Organizations such price lists or quotes as may be necessary for such Organizations to evaluate potential purchases of Products & Services, including without limitation publicizing and directly marketing to the Organizations (through print materials, appearances at conferences and promotional events, and other advertising and marketing activities) the benefits of CoreTrust's Cooperative Program and purchasing Products & Services through Supplier. Where Supplier has an existing contractual relationship for Products & Services with a state, Supplier shall notify such state of the Cooperative Program and transition the state to the pricing, terms, and conditions of a CoreTrust master agreement upon the state's request; provided, regardless of whether the state decides to transition to such master agreement, Supplier shall offer such master agreement to all Organizations located within the state.

(iii) Marketing and Training Commitment. Supplier shall, as more thoroughly set forth in the Plan (as applicable): (1) conduct training and education services about the Cooperative Program for the Organizations according to CoreTrust's reasonable scheduling requirements; (2) provide CoreTrust access to and use of Supplier's documents, presentations, and other materials applicable to this Admin Agreement and the services contemplated hereunder to enable CoreTrust to promote its Cooperative Program as contemplated hereunder; and (3) upon CoreTrust's reasonable request, provide information about the Participating Agencies' procurement of Products & Services which CoreTrust may use to improve its procurement processes.

(iv) Plan. Supplier shall work with CoreTrust to develop a Plan within the first ninety (90) days of the Term.

(v) Supplier Content. As requested by CoreTrust, Supplier shall provide Supplier Content for use on CoreTrust websites and for general marketing and publicity purposes as contemplated hereunder. During the Term, Supplier hereby grants to CoreTrust and its affiliates a non-exclusive, worldwide, royalty-free, transferable and sublicensable right and license to reproduce, modify,

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

distribute, publicly perform, publicly display, and use Supplier Content to perform CoreTrust's obligations under this Admin Agreement.

(vi) Performance Review. During the Term, upon CoreTrust's reasonable request, Supplier shall participate in a performance review meeting with CoreTrust to evaluate Supplier's performance hereunder with respect to the marketing of the Program.

2. TERM; TERMINATION

a. Term. The Term of this Admin Agreement five (5) years.

b. Termination. Supplier's failure to maintain its covenants and commitments contained in this Admin Agreement shall constitute a material breach of this Admin Agreement. If such breach is not cured within thirty (30) days of written notice to Supplier, in addition to any and all remedies available at law or equity, CoreTrust shall have the right to terminate this Admin Agreement, at CoreTrust's sole discretion.

c. Effects of Termination. Upon termination of this Admin Agreement for any reason: (i) Supplier shall continue making Administrative Fee payments to CoreTrust generated by Participating Agencies' purchase of Products & Services to the extent that Supplier continues to generate revenue from each Participating Agency's purchase of such Products & Services; and (ii) each Party shall immediately cease use of the other Party's trademarks, names, and logos.

3. FEES

a. Administrative Fee. Supplier shall pay CoreTrust the Administrative Fee for the preceding calendar month no later than thirty (30) days following the end of such calendar month. The Administrative Fee is payable in U.S. Dollars via wire to the payment account designated in writing by CoreTrust. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one-and-one-half percent (1.5%) per month or the maximum rate permitted by law until paid in full.

b. Reporting. No later than thirty (30) days after the end of each calendar month during the Term, Supplier shall deliver to CoreTrust the Administrative Fee Report. CoreTrust may compare Supplier's Administrative Fee Report with Participating Agencies' records and, if CoreTrust identifies a material discrepancy, CoreTrust shall notify Supplier in writing, and Supplier shall have thirty (30) days thereafter to resolve such discrepancy to CoreTrust's reasonable satisfaction. If such resolution requires payment of additional Administrative Fee amounts, Supplier shall remit payment of such balance to CoreTrust no later than fifteen (15) days thereafter; provided, if Supplier disputes CoreTrust's finding(s) of a discrepancy and / or the underlying Participating Agency documentation, the Parties shall engage an independent auditor to evaluate such discrepancy, and the cost of such independent audit shall be borne by Supplier. Additionally, in an effort to provide Participating Agencies transparency, Supplier will work with CoreTrust in providing transactional reporting via SFTP process or API connection ("**Agency Report**"). The Agency Report will capture itemized spend information, to the extent possible, identified by a Participating Agency, and will occur at a cadence set by CoreTrust, not to exceed monthly.

c. Audit. CoreTrust, whether directly or through an independent auditor or accounting firm, shall have the right to perform audits of Supplier's records related to its performance under this Admin Agreement, including inspection of books, records, and computer data relevant to Supplier's provision of Products & Services to Participating Agencies, to ensure that pricing, inventory, quality, process, and business controls are maintained; provided, such inspections and audits shall be conducted upon reasonable notice to Supplier and so as not to unreasonably interfere with Supplier's business or operations.

4. LEAD AGENCY COMPENSATION

a. Consideration. In consideration of the Lead Agency's role in developing, issuing, evaluating, and awarding the cooperative solicitation and resulting Master Agreement(s), CoreTrust Purchasing Group LLC ("CoreTrust") agrees to remit to the Lead Agency five percent (5%) of the total administrative fees collected by CoreTrust from Participating Suppliers under this Agreement.

b. Payment Schedule. Payments shall be made quarterly, within thirty (30) days following CoreTrust's receipt of the applicable administrative fees and shall be accompanied by a summary statement identifying the total fees received and the corresponding amount remitted to the Lead Agency.

c. Audit and Reconciliation. All such payments shall be subject to reconciliation and audit under Section 3(c) of this Agreement. CoreTrust's obligation is limited to the amount of administrative fees actually collected from Participating Suppliers.

d. No Impact on Participating Agencies or Suppliers. This provision applies solely between CoreTrust and the Lead Agency and imposes no cost, deduction, or obligation on any Participating Agency or Supplier.

5. REPRESENTATIONS & WARRANTIES

a. Mutual. Each Party hereby represents, warrants, and covenants that it does as of the Effective Date and shall during the Term comply with all applicable federal, state, and local laws, rules, regulations, and ordinances.

b. By Supplier. Supplier shall defend any and all actions brought against CoreTrust based upon any such claims or demands.

b. Disclaimer. With respect to any purchases by any Participating Agency, CoreTrust shall not be: (i) construed as a dealer, re-marketer, representative, partner, or agent of any type of Supplier or any Participating Agency; (ii) obligated by, liable for, or in any way responsible for the Products & Services or any order of Products & Services made by any Participating Agency or any employee thereof or for any payment required to be made with respect to such order for Products & Services; and / or (iii) obligated by, liable for, or in any way responsible for any failure by any Participating Agency to comply with procedures or requirements of applicable law or to obtain the due authorization and approval necessary to purchase Products & Services. 13.1 Special Requirements

This solicitation seeks proposals only from qualified suppliers who meet the following Special Requirement as applicable:

Cooperative contract pricing must be extended to participants nationwide.

• Vendor must be a manufacturer or authorized dealer/distributor.

ODP Business Solutions, LLC is a Distributor, Supplier

• Office furniture must meet applicable ANSI/BIFMA standards.

Yes, we have Products available that have BIFMA Certifications.

• Vendors must provide quarterly usage reporting to the cooperative entity.

One of the most powerful tools ODP Business Solutions offers is extensive usage and tracking reports. This information is specific to the overall program for the entire account, covering all products, orders, and spend. However, what truly makes this an effective tool is the ability to monitor specific location, item, and end-user usage.

Working with your ODP Business Solutions Account Manager and team, ODP Business Solutions and Broome County will mutually schedule, at a minimum, a quarterly review process. During this forum, ODP Business Solutions will assist Broome County with analyzing spend and usage data. This will allow Broome County to drive greater usage to your contract core list, identify rogue spend outside your endorsed contract stationer, and see actual product usage. Product usage information can be very helpful to manage the most effective contract core list and find greater cost savings. Together, Broome County and ODP Business Solutions can review contract items and ensure they are still relevant or recommend necessary changes. Recommendations can also be made for more effective product substitution enhancements.

Specific dollar savings and percentages are dependent on a number of factors, even when you look at accounts similar in size and scope. Variables such as an exclusive endorsement, prior program initiatives, and use of eCommerce can affect the percentage of savings. However, if Broome County is not currently

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

participating in a quarterly review process and presently does not have an organization-wide standardization and compliance program in place, the savings can be significant.

ODP Business Solutions® Support team is comprised of 25 Designers, 32 Project Specialists and 16 Project Managers. This team is responsible for creating, quoting, ordering, post order management, installation coordination, installation issue resolution and invoicing.
Workspace Interiors follows a tried-and-true process of identifying the customers' furniture needs, developing a solution in concert with the customer needs, working through various revisions, until the solution is ready for quoting.

- We develop proposals based on the solutions developed and present them in various formats based on the customers' requirements.
- Once the proposal is reviewed and accepted by the client, the Project Specialists places the order for PO processing through a dedicated Shared Services team. This team reviews the order for order completeness and processes PO's to the various manufacturers.
- Once the PO's are processed, the team will review all vendor order acknowledgements against the proposal to verify what was ordered is what was agreed upon on the proposal.
- The order is then shipped to the designated Installation Partner where delivery and installation is performed. Any installation issues are identified and resolved.
- The Project Specialists then processes the order for invoicing through our dedicated Shared Service team.
- The invoices are then sent to the customers based on the customers' preferred invoice receipt method.

22. Contract Risk and Miscellaneous

A. Please describe your firm's approach to contract risk management.
Include how your organization identifies, assesses, and mitigates risks throughout the life of a contract, especially for public sector clients.

Our process to identify and close gaps is embedded into the roles and responsibilities of each functional emergency response team member. After each exercise or real event, a postmortem is conducted to assess the response and go-forward strategy. We also work with our Enterprise Risk Management Team and external professionals to provide best practices and overall evaluation.

B. Has your company ever defaulted, failed to perform, or been terminated for cause on a government contract within the last five (5) years?
If yes, please explain the circumstances and how the issue was resolved or mitigated.
No

C. Describe the insurance coverage your firm maintains, including general liability, professional liability, workers' compensation, and any other relevant coverages.
Include policy limits and whether these meet or exceed the requirements typically set forth in public procurement contracts.
Please see copy of Certificate of Insurance attached.

D. Explain how your organization ensures contract compliance across multiple clients or jurisdictions.
Include specific tools, systems, or personnel used to monitor and ensure performance, timelines, reporting, and contractual obligations.

Depending on the nature of the audit (may it be information security, workplace, or financial in nature), the responsibility to ensure compliance and any applicable remediation is delegated to the appropriate compliance team. Any applicable gaps defined in any audit type (internal vs external) are documented, assigned business owners and internally tracked and logged until remediated. Any additional information concerning our internal compliance assurance program can be address pursuant to a Non-Disclosure Agreement being in place.

Building Inventory Reserves: We have increased stock levels for tariff-impacted products to ensure consistent availability.

Exploring Alternative Sourcing: We are actively working with our suppliers to diversify sourcing and identify tariff-free regions for production.

Negotiating with Suppliers: We are collaborating with our partners to minimize cost increases and ensure competitive pricing.

Maintaining Transparency: We will keep you informed of any developments that may affect product availability or pricing.

- iii. Information regarding business continuity planning, including contingency measures for shortages, natural or technological disasters, or global supply chain issues;

ODP Business Solutions understands your concern that an emergency could potentially prevent us from providing you with needed products and services. For this reason, a Business Continuity & IT Disaster Recovery Program enables us to continue services in the unlikely event that we experience an unplanned outage affecting our computer systems, telecommunication systems, or warehouse/shipping capabilities. These plans have been designed and maintained to ensure timely recovery from a disaster.

Corporate Emergency Response Team

A cross-functional team of corporate support personnel, representing 23 key departments, meets before, during (when feasible, e.g., hurricanes) and after a crisis or natural disaster to support our customers, associate teams, and communities. Team members are decision makers for their business units. Their mission is to protect company assets, which include the welfare of our associates, customer relationships, our buildings, merchandise, data, and our brand, and to resume operations as quickly as possible.

Emergency Communication

ODP Business Solutions utilizes an emergency mass communication system to quickly connect with associates before, during and after a crisis. This enables us to respond to critical emergency situations swiftly and ensure associate safety and minimize risk to our associate and business.

Business Continuity Plan Testing

Our Business Continuity Plans have successfully been tested this past year through actual events and scenarios, i.e., hurricanes, tornado, wildfires, and through formalized testing. The formalized plan tests were held this past year in March 2024 through December 2024. A comprehensive examination

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

of each plan validates, updates, and modifies our Business Continuity Plans to continuously develop and support our recovery strategies. Business Continuity Plan owners in each business segment are engaged in testing their recovery strategies, updating personnel, recovery teams, workspace, communication, internal and external dependencies, and IT applications needed. Our team plans a practice test of our business continuity plans annually for continuous development and plan improvement. ODP Business Solutions utilizes Sustainable Planner as a platform to maintain and provide support for our business continuity plans and programs

IT Disaster Recovery

It is ODP Business Solutions' policy to maintain an effective IT Disaster Recovery strategy, ensuring the timely backup and recovery of infrastructure, applications and data under all circumstances, including natural disasters, major hardware and software failures, file deletion, virus or hacker attack. This IT Disaster Recovery Policy defines acceptable methods for disaster recovery planning, preparedness, testing, and mitigation of IT systems and services disruption at ODP Business Solutions. Our management is committed to a comprehensive disaster recovery program that reflects our changing environment and provides the highest service to customers, associates, vendors and facilities. To that end, all plans will remain flexible and consistently maintained to reflect the most current business critical operating requirements.

Telecommunications System Plan

ODP Business Solutions has deployed a global multi-carrier private IP network that carries voice and data traffic, redundant high-speed Internet circuits, broad-band direct Internet/VPN data network for retail redundancy and telephony infrastructure for call centers, local services, long distance, fax and inbound toll free. Telecommunications systems have been designed with the ability to utilize secondary circuits and various geographic locations when necessary, limiting potential disruption to individual sites or impacted regions.

Distribution Contingency Plan

A Distribution Contingency Team has been identified at our headquarters in Boca Raton, Florida. This team addresses alternatives in the event of a catastrophic disaster that could damage a Distribution Center to the extent that orders can no longer be shipped. The Distribution Contingency Team will arrange through our computer system and Distribution Center operations to reroute customer shipments for the affected site to another location. These shipments would be supplemented, as necessary, from the closest principal wholesaler. Once the contingency site is established, transportation and labor plans are developed to handle the increase of shipments so our customers will not be inconvenienced. Depending on the nature of the catastrophe, a local last-mile delivery strategy is implemented using our dedicated route driver, local carrier or common carrier to handle customer orders. These deliveries will be sent to the customer dock or directly to the desktop in the same manner they usually do, just originating from a different point. The guiding principle of our

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

Distribution Contingency plan is to maintain business as usual and fully address the needs of our customers.

- iv. Information regarding sustainability - What are the sustainability goals you have as an organization?

Committed to Increasingly Buy Green, Be Green and Sell Green

At ODP Business Solutions, we recognize that environmental challenges require solutions that cover the supply chain, our own operations, and the marketplace. This is why we have structured our Environmental Strategy around the three value-chain concepts of increasingly Buying Green, Being

Green, and Selling Green. Our strategy is supported by an Environmental Policy focused on implementation, as well as an open approach to engaging stakeholders.

At ODP Business Solutions, we pursue environmental leadership for four main reasons:

- We care about taking care of the planet and want to reduce our environmental footprint
- We consider our environmental strategy to be a business strategy that helps us attract and retain customers who are interested in going green
- We listen to our customers and aim to serve their growing environmental needs
- We know that our operational environmental initiatives to reduce our carbon footprint or waste output often save costs and drive long-term operational improvement

For more information on ODP Business Solutions' environmental strategy to increasingly buy green, be green and sell green, please visit 2c974e45-3d27-475e-9168-ce97b6b552e5 and our Environmental Comments at Sustainability.

- How do you measure success?

ODP Business Solutions measures sustainability success through:

Pre-defined Environmental Goals:
We set specific targets around energy consumption, fuel efficiency, waste reduction, and community investment.

Annual Data Collection and Reporting:
At the end of each calendar year, we gather and analyze data on our environmental performance. These metrics are transparently published in our Corporate Sustainability Report.

Key Performance Indicators Include:

Percentage of total sales from eco-conscious products

Number of products with green attributes sourced

Recycling rates (including customer returns like ink and toner cartridges)

Waste diversion and recycling rates

Progress in reducing carbon and water footprints

Continuous Improvement:
We track year-over-year progress and use these insights to drive ongoing improvements in our sustainability programs.

- What has been the progress to your goals?

ODP Business Solutions is committed to continuous improvement, with pre-defined goals around energy consumption, fuel efficiency, and community investment. Our progress and performance are transparently

reported in our Corporate Sustainability Report, which displays environmental metrics and achievements from previous years. The current edition is available at 2c974e45-3d27-475e-9168-ce97b6b552e5.

- How do you help your customers be more sustainable?

Customers are at the center of ODP Business Solutions' business strategy, and they are also at the center of our environmental strategy. We go to great lengths to understand our customers' environmental needs through meetings, surveys, focus groups, and seminars. The insights gathered are then leveraged to create greener products and programs to serve our customers' needs. We call this Customer-Centric Environmentalism – and it is a central theme in our approach. We have gone to great lengths to develop a customer-centric approach that starts with the challenging task of defining 'green' office products, where there is no universal definition. We did this by first assessing over 30 major institutional purchasers, environmentally preferable purchasing policies (e.g., State of California, Federal Government, USGBC etc.) and then developed an eco-rating for office products as light green, mid-green and dark green, based on their eco-attributes and eco-labels. Products with meaningful eco-attributes and eco-labels are promoted in multiple ways, including through our industry-first and still leading Green Book catalog; through our GreenerOffice website, and through onsite and online webinars, and onsite vendor shows.

Through the years we've learned that many of our customers share our environmental goals – they want to buy greener, be greener, and sell greener themselves. As such, we've designed our GreenerOffice Program with specific solutions that help our customers pursue these goals:

ODP Business Solutions takes social and environmental responsibility to heart. You can see it in how we cultivate, refine, and align our initiatives in our organization, our communities, and beyond. ODP Business Solutions' environmental strategy is "buy greener, be greener, and sell greener." By implementing this strategy throughout our business, we've measurably improved our own environmental performance — and helped our suppliers, customers, and communities set and achieve their goals.

Since committing to our environmental strategy in 2003, our approach to sustainability has earned us contracts with environmentally conscious organizations and government agencies, including the state of California, companies in the Pacific Northwest, global corporations, and small and medium-sized businesses.

We support different levels of greener purchasing.
Going greener doesn't have to be an all-or-nothing decision. ODP Business Solutions can help support you however you reduce your environmental impact, whether it's a worldwide program or one step at a time. To help you on this journey, we developed the GreenerOffice™ rating system, in which we rate products as light green, mid green and dark green. Look for this color coding on featured products.

Through Workspace Interiors, you can access each of our team members' professional experience in:

SPACE PLANNING. MAKING THE MOST OUT OF YOUR SPACE.

At Workspace Interiors, our belief is that the most effectively planned spaces take into account who you are and how you work. We will conduct a space development study that allows us to plan an environment that best supports the way you work.

Our design process allows us to determine the appropriate relationships between common areas and workstations; between departments, teams and collaborating entities; between employee status, productivity, job function and cultural change. All these relationships are determined in conjunction with the overall feel of the office environment, confirming that your space not only looks great, but functions great and is sure to enhance productivity.

With the demands of today's business environment and the importance of making the most of a space, Workspace Interiors has a strategic solution down to the smallest details. We use the same space development techniques in planning filing, print/copy space adjacencies and storage requirements. All local codes and sound/noise attenuation needs are considered as well.

SPECIFICATIONS. IT'S ALL ABOUT THE DETAILS.

Using state-of-the-art technology, Workspace Interiors can make sure your furniture specifications are accurate. Using the products selected during the planning and design stage, our project planners generate detailed, order-ready specifications.

Though the specification process is the most labor-intensive, Workspace Interiors' commitment to the details makes it seamless.

3D VIEWS AND RENDERINGS. HELPING YOU VISUALIZE YOUR SPACE.

Communication is imperative in understanding and developing the right solution. To understand the complexities of your space, Workspace Interiors may access additional services, such as 3D views or renderings. These computer-generated drawings depict the actual proposal, giving you a better grasp of the design concept.

A 3D rendering gives you the opportunity to review and adjust layout and space function before ordering. It can also aid in color selection, revealing floor to ceiling relationships and clarifying the overall appearance of your space, giving you the ability to make an educated decision.

FINISH SELECTIONS. CHOOSING THE RIGHT LOOK.

Workspace Interiors project planners have the knowledge and skills to guide you through the color and finish selection of your furniture solution. Whether you are looking to create a new environment, freshen up an existing space, incorporate a cultural change, or identify new corporate colors, the creative services

group will work with you to create a solution in line with your goals. We'll help on whatever level you desire, blending existing finishes with new selections, designing a new scheme, or simply making suggestions to get you started on the right path.

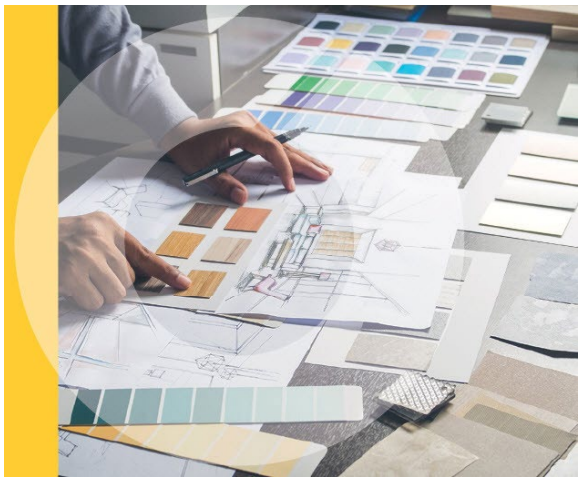

We also recognize that finishes apply to more than just furniture. Should you require it, Workspace Interiors has the ability to help you complete your space by providing suggestions for architectural finishes such as carpet, wall coverings, paint, lighting and ceiling materials.

INSTALLATION DRAWINGS. A ROAD MAP FOR FLAWLESS EXECUTION.

Once your project has been specified and ordered, your Workspace Interiors project planner will translate all of the necessary information into a format that facilitates a flawless installation.

Our professionally trained installation staff relies on these detailed instructions to confirm that all the nuances of your solution are addressed and implemented. Additional information sheets are developed to designate panel types, panel plans, electrical plans, components plans, notes on field cuts and any other special requirement for your job.

Clarity of instruction is the key to proper field installation. More complicated projects may require our color-coded plans. Special symbols, colors and dimensions/notes provide the needed direction—particularly if you are adding new product into an existing space or reusing/ reconfiguring existing inventory.

E-Commerce

At Workspace Interiors, we have the ability to create a custom furniture website just for you. These sites can be easily accessed for your specific furniture procurement needs.

We offer two site options for you to choose from:

- E-commerce Website
- Standards Website

Through these sites, you'll be able to:

- See your latest layouts
- Keep track of all current orders
- Have the ability to communicate imperative information regarding your standards program and approval procedures
- Allow multiple users within the site to access your custom catalog
- Special order items displayed within your custom catalog
- See customer-specific discounting applied to your custom catalog
- Access an intuitive shopping experience

E-COMMERCE SITE OVERVIEW

Customers can access their e-commerce sites via the Workspace Interiors website home page (www.workspaceinteriorsod.com). Each customer is given their own user account where they can access their personal project information. These portals are customized to support customer-specific furniture categories and contain a limited number of products.

Using an e-commerce site, customers can order their products directly. Navigation is made simple with the ability for users to categorize their products and sort into multiple levels, depending on need. Customer-specific contract pricing can be applied to each product.

Delivery and installation charges will be communicated through the site prior to order processing. Order hints are available to aid you in selecting the proper products. Product configurations and details aid in selecting the correct furniture for your space. Measurement guidelines, helpful tips, rules of thumb for furniture placement and recommended clearances are all included to assist in your decision.

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

Custom checkout allows for additional information to be communicated to Workspace Interiors when processing your order, such as purchase order number, room dimensions and additional comments or concerns. Installation costs will be applied and confirmed before your product is ordered.

Keeping track of projects and orders is easy with customized status reports made available through the site. Status reports open in Microsoft Excel and contain information such as the project locations, item numbers, product descriptions, pricing and when the order will be shipped or received.

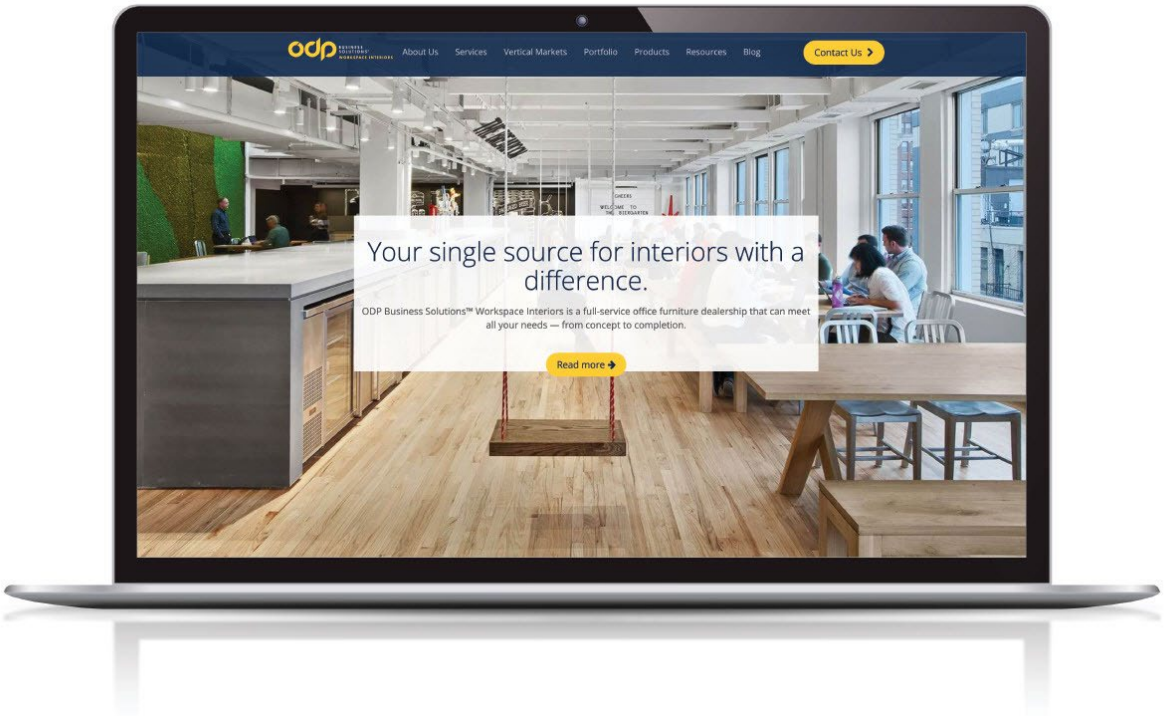

STANDARDS SITE OVERVIEW

The standards site communicates a corporate standard to an organization similar to a standards binder. Like the e-commerce site, the standards site can be accessed via the Workspace Interiors website home page (www.workspaceinteriorsod.com). Each customer is given their own user account where they can access their personal project information. These portals are customized to support customer- specific furniture typicals, which are represented as PDF documents.

Communication is clear and accessible with the inclusion of additional product information. This additional information features items such as brochures and warranty details.

Finish selections are also referenced within the site as part of the standard. Installation photos can be posted as well.

Customer websites are a great way to track furniture orders and needs or simply communicate a standards program in your organization. For more information, please contact your Workspace Interiors business development manager.

Project Approach

Workspace Interiors is a national full-service furniture dealership designed and structured with their own resources rather than alliances, in place to handle large, complex projects. Our one-stop-shop project approach guarantees that you'll have only one main point of contact for your Workspace Interiors project. This individual will be able connect you with Workspace Interiors furniture professionals, designers, workspace planners and project consultants, and manufacture partners in a collective effort to provide you with a comprehensive solution and service possible.

This is accomplished by our scope of proposed solution and four-step process:

A proven process for a job done right

- We can help manage every aspect of your next project — right down to the last detail. Whether you want someone to take on the entire process or work in a supporting role, we have the resources you need. There's no need to source and manage multiple vendors.

No detail too small, no vision too big

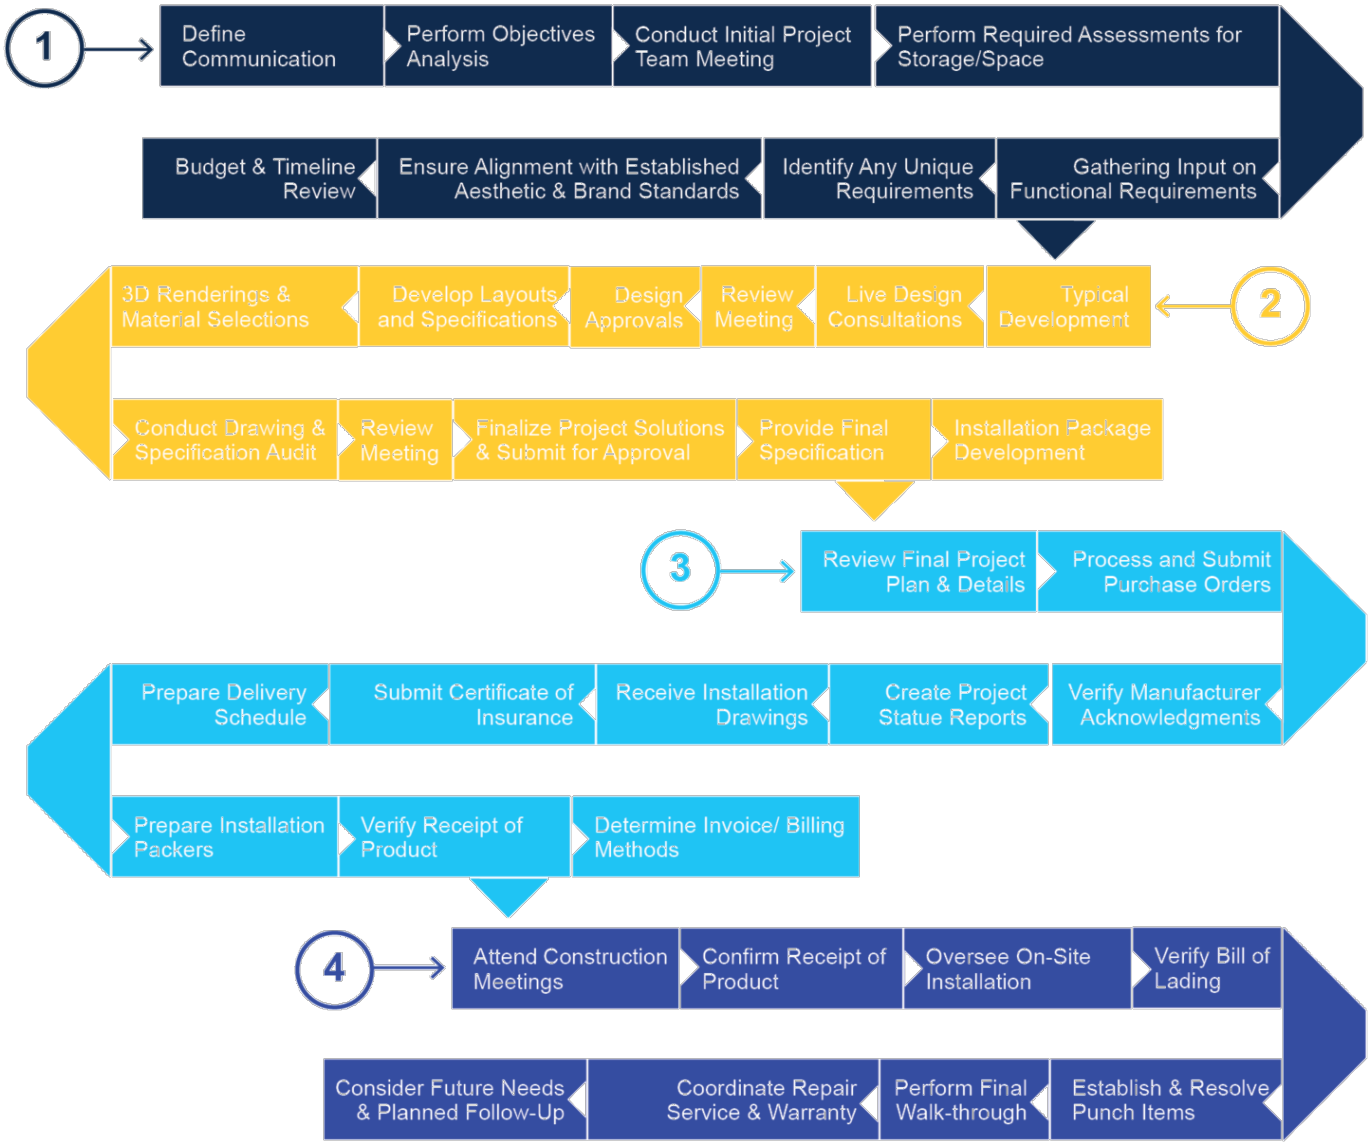

- After installation, we'll conduct a thorough review of every item on the project checklist. Then we'll follow up to make sure the space is performing to your expectations.

Project Approach

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

Project Process

Step 1: Needs Analysis

- Define preferred methods of communication.
- Perform objectives analysis to understand needs, preferences, and pain points.
- Conduct initial client project team meeting, establishing key personnel and cadence.
- Perform space assessment to verify field dimensions, power/electrical sources, and any architectural constraints.
- Storage assessment & organizational needs
- Gathering input on functional requirements for various spaces (i.e., Collaborative, training, focus areas, children's area)
- Determine any requirements for ergonomics, accessibility (ADA), technology integration into furniture solutions.
- Ensure alignment with established aesthetic and brand standards
- Determine any requirement for environmental & sustainability goals, future planning, and flexibility
- Ensure manufacturers lead-time aligns with Project Timeline
- Determine any needed security measures/processing for onsite staff
- Obtain GC schedule for alignment of pre-installation activities such as field measurements, electrical location/circuitry, and carpet installation completion.
- Verify egress path and protection requirements
- Budget & timeline review

The needs analysis process for a furniture project begins by defining preferred methods of communication to ensure clear and effective collaboration throughout the project. An objectives analysis is then performed to gain a thorough understanding of the client's needs, preferences, and pain points. This is followed by an initial meeting with the client project team, during which key personnel are identified and the cadence for ongoing communication is established. A comprehensive space assessment is conducted to verify field dimensions, identify power and electrical sources, and note any architectural constraints that may impact the project. Input is gathered on the functional requirements for various spaces, such as collaborative areas, training rooms, focus zones, and specialized spaces like children's areas. The analysis also includes a review of ergonomic and accessibility requirements (including ADA compliance), as well as any needs for technology integration within the furniture solutions.

Aesthetic and branding considerations are addressed to ensure the furniture aligns with Client's image. A budget and timeline review are conducted to establish project feasibility and scheduling. Manufacturers' lead-times are carefully reviewed to ensure alignment with the overall project timeline. Additionally, a formal storage assessment is performed to evaluate current and future storage needs, efficiency, and space optimization. A General Contractor (GC) schedule is obtained to align pre-installation activities such as field measurements, electrical location/circuitry, and carpet installation completion. Key elements such as types of materials, collection size, and unique requirements for specialty items are addressed to ensure the solution developed supports both current and future states. Any needed security measures or processing for onsite staff are determined to ensure a safe and compliant work environment. Requirements for environmental sustainability, future planning, and flexibility are identified and included in the overall furniture solution. This comprehensive approach ensures that all critical factors are considered, laying a solid foundation for the successful design and implementation of the furniture project.

Project Process

Step 2: Design Solution Development

- Typical development
- Live design consultations
- Review meeting
- Design approvals
- Develop layouts and specifications
- 3D renderings and materials selections
- Conduct drawing & specification audit
- Review Meeting
- Finalize project solutions and submit for approval
- Provide final specification for order entry
- Installation package development

The design development process begins with an initial meeting—coordinated by the Workspace Interiors business development manager—held for all participating parties in order to discuss expectations for the project. At this meeting, we will develop a comprehensive project program taking into consideration all aspects most important to Client.

Upon assessing the project requirements, the Workspace Interiors team will pull from our extensive list of major furniture manufacturers to define a suitable product solution for Client. Based on the programming developed in the initial meeting, the Workspace Interiors project designer will develop furniture typicals for review. Through our collaborative teamwork, every Workspace Interiors design team member will be familiar with each proposed solution.

Following the completion of the first round of typicals, a meeting will be scheduled with Client. During this collaborative discussion, all furniture components will be critiqued; making any adjustments necessary until a final typical is created. Our project designer will then draw up the final typicals and forward for Client official approval.

Once the final typicals have been reviewed and approved by Client, the Workspace Interiors project designer will prepare an overall layout, showing the furniture in the base building shell. At this time, finish selections will also be prepared and reviewed for approval.

With the approval of the overall layout and specified finishes, Workspace Interiors will next conduct an internal audit to confirm that everything has been accounted for. Any outstanding or concerning issues noted during the audit will be discussed internally amongst the team in order to prepare a move forward plan. Following this meeting, the Workspace Interiors project coordinator will prepare a formal proposal for Client's review.

Another meeting with Client will be scheduled to review the formal proposal. A sign-off on the final drawings and a formal proposal will be required to place the order.

Upon receipt of the signed proposal, drawings and the deposit check, the Workspace Interiors project coordinator will prepare to release the orders to each manufacturer.

Project Process

Step 3: Order entry & production

- Review final project plan and details
- Process and submit purchase orders
- Verify all manufacturer acknowledgments
- Create project status reports
- Receive installation drawings
- Submit certificates of insurances
- Prepare delivery schedule
- Prepare installation packets
- Verify receipt of product
- Invoice/billing methods based on customer requirements (Ariba, Coupa, etc.)

For each project, it is the responsibility of the Workspace Interiors business development manager to complete their workbook and define the individual roles and responsibilities of our internal team.

Once the deposit check and approved proposal have been submitted by the Client, the Workspace Interiors project coordinator will process and place all purchase orders with the manufacturers. Once the orders have been placed, the project coordinator will check all manufacturer acknowledgments against the approved for any discrepancies. The project coordinator will work directly with the manufacturers on any discrepancies or outstanding issues, so the order is shipped properly.

The Workspace Interiors project coordinator will also maintain a status report of manufacturers on the project and their respective ship dates. This report is submitted to the entire team on a weekly basis.

Upon completion of order placement, the Workspace Interiors project designer is notified and begins the preparation of installation drawings. All installation drawings will be forwarded to the foreman on job for their reference during installation.

The Workspace Interiors project consultant will contact the building manager on site regarding any documentation required for access to the building. The project consultant will then work to supply the building manager with all requested documentation in order facilitate access to the job site prior to installation.

As the installation date gets closer, the project consultant will prepare a delivery schedule. They will contact the building to coordinate delivery times and dates.

Upon delivery, all products will be verified, and any damages will be cataloged. The Workspace Interiors project coordinator will claim any damaged product with the manufacturer and any necessary replacement pieces will be ordered.

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

Project Process

Step 4: Installation & Ongoing Service

- Attend all project construction meetings remotely and in person as able
- Confirm receipt of product
- Verify bill of lading and packing list
- Oversee on-site installation, includes unload and staging
- Establish and resolve any punch items continuously throughout project
- Perform final walk-through
- Coordinate repair service and warranty claims
- Consider future needs and planned follow-up

As the installation date draws near, the Workspace Interiors project consultant will monitor all shipments and verify that all specified products have been received. The project consultant will also attend construction meetings as required by Client and will walk the space with GC/Client representative prior to furniture delivery to clear the area and get ready to accept the installation.

On delivery day, the installers will be on site to unpack all scheduled loads. Using predetermined locations, all products will be placed and staged for installation. The furniture installation will continue daily for the allotted time given by the project schedule.

Upon completion of the installation, the Workspace Interiors project consultant will walk the space with Client to note any punch list items. A final sign-off will be requested at the end of the walk through.

The Workspace Interiors project consultant will work with their project coordinator to resolve any necessary punch list items as they occur. Orders will be placed for any furniture items that are missing or may need to be replaced. Once the replacement acknowledgments have been received from the manufacturer, the project consultant will provide a delivery schedule for any outstanding items. They will coordinate with Client to schedule an appropriate time to install the replacements.

Once the punch list has been received, delivered, and installed, the Workspace Interiors business development manager will conduct a post-installation meeting with Client to confirm that the project meets expectations. If requested, Workspace Interiors will conduct a product training orientation at a time of Client's choosing.

SERVICES PROVIDED

Evaluation: Scored (Technical/Value)

- For each service type offered, indicate pricing method: Percentage (define basis), Fixed Rate, Included/No Charge, or Project-Specific Quote.
- If percentage-based, define basis clearly (e.g., % of net equipment cost).
- Identify subcontractor use and geographic limitations, if any.

Indicate which services are offered and **provide a detailed narrative** for each selected item, including scope, limitations, scheduling considerations, staffing approach, and typical use cases.
Narrative:

Standard Delivery

Standard delivery requires the client to receive products at their location, either via dock or street-level loading area. The client is responsible for unloading the freight, as the driver does not assist. Upon receipt, the client must inspect the products and sign the shipment documents. If any damage is found, the client should submit a claim to Workspace Interiors, including photos of the box and item damage, model or carton number, and a copy of the signed shipment documents.

Inside Delivery

Inside delivery involves Workspace Interiors bringing the product directly inside the facility, but not to the final room or destination. Final placement is handled by the client's staff. This service may be provided by a freight company or a Preferred Installation Partner, with charges based on the scope requested, such as unloading conditions or specific appointment times. The client is responsible for inspecting the product, signing shipment documents, and submitting any damage claims with supporting documentation.

White-Glove Delivery
White-Glove delivery is a comprehensive service where Workspace Interiors manages receipt and inspection of shipments, addresses urgent claims immediately, delivers products to the location, unboxes and assembles them to manufacturer specifications, removes debris, performs a final clean, and conducts a walkthrough with the client. A punch list is developed, and final sign-off is obtained from the client. This service is provided by Workspace's network of 296 Preferred Installation Partners across 401 locations, with additional vendors added as needed for rural areas. The client inspects the finished product during the walkthrough and signs the delivery ticket, noting any punch list items.

Weekend/After-Hours Delivery
Workspace Interiors can accommodate deliveries outside of standard working hours (typically 7AM–4PM). Additional charges apply only for services performed during overtime or after-hours. For large projects, off-hours delivery may improve efficiency without significantly increasing costs.

Rural Delivery
Rural delivery may incur extra time or expenses due to distance from the Preferred Installation Partner, project size, complexity, or equipment needs. There are no limitations, but these factors are considered in the installation quote, especially for locations more than 50 miles from the service provider.

Basic Assembly (Level 1)
Workspace Interiors offers basic assembly through its Preferred Installation Partners. While not a major cost saver, this service involves crews traveling in pairs. Clients may need to receive drop shipments, remove debris, and place products in the installation room themselves.

Anchored Installations (Level 2)
Anchoring requirements are determined during the initial design phase and included in the installation scope. Workspace Interiors collaborates with the client, facilities, general contractor, and manufacturer to ensure proper blocking and mounting hardware is used for the substrate where the furniture or product will be installed.

Systems Furniture Install (Level 3)
This service level matches White-Glove delivery, with installation performed to manufacturer specifications and in accordance with client-approved final design documentation. Preferred Installation Partners execute the installation, coordinated by Workspace Interiors Project Consultants to ensure all project parameters, influences, and restrictions are addressed.

Full Turnkey (Level 4)
Full Turnkey service is equivalent to White-Glove delivery, but typically does not include electrical hookups or cabling, which must be performed by licensed contractors in coordination with the general contractor. If these services are needed, Workspace Interiors should be engaged early in the project planning to align resources accordingly.

CAD / Renderings / Space Planning
For details on CAD, renderings, and space planning services, please refer to the Design Services tab in the Cost Proposal Workbook.

Field Measurements
Field measurement services are included with new opportunities. Business Development Managers and Project Consultants can measure spaces and provide this information to the Design Team for further design services. For large projects without CAD drawings, additional resources may be required for comprehensive and accurate space planning, which may incur extra charges.

Multi-Phase Rollouts
Multi-phase rollouts utilize the same resources as White-Glove delivery and installation. These projects require detailed scope development, considering all influences, restrictions, and parameters. Workspace

Interiors Project Consultants lead the strategy and collaborate with project team members, BDMs, designers, and manufacturing partners to ensure seamless execution from start to finish.

Warranty Support
Workspace Interiors guarantees all products per manufacturer warranty. If warranty issues arise, Workspace Interiors will facilitate prompt repair or replacement with the manufacturer. Any errors or damages caused by Workspace Interiors are handled quickly through repair or replacement. Project Specialists and Consultants work closely with manufacturers to ensure proper claim submission, communication, and coordination of shipment and installation of replacement products. Services are provided through the original Preferred Installation Partner when available.

1) Question: Can we add additional manufacturers to Catalog Discounts tab in the spread sheet?

Response: Yes. Offerors may add additional manufacturer lines to the "Catalog Discounts" tab as needed, provided the tab structure/columns remain unchanged. For any added manufacturer lines, include the catalog/version and the proposed contract discount(s).

2) Question: In the Section N technical Proposal Supplier Questionnaire, the manufacturer authorization letters are to be provided post award (on the first page). However, they are being called out under the required documents checklist (on the last page). Please confirm manufacturer authorization letters can be provided post award?

Response: Confirmed. Manufacturer authorization letters may be submitted post-award, as stated on the first page of the Supplier Questionnaire, and will be required prior to contract execution and/or prior to offering those manufacturer lines under the resulting cooperative contract.

3) Question: In the Section N technical Proposal Supplier Questionnaire, when we need to choose yes for the "Choose an item" questions it does not populate yes. Can you please send an updated Word Document?

Response: We will issue an updated Supplier Questionnaire form with corrected dropdown/"Choose an item" fields via addendum. Until the revised form is posted, offerors may indicate "Yes/No" by typing directly in the field or by adding a brief note in the response area where applicable.

4) Question: Can you please advise whether multiple vendors will be considered and potentially awarded, or if the intent is to select a single vendor? If the plan is to award to only one vendor, could you share the rationale behind that decision? If the answer is no and the intent is to move forward with a single vendor, I would appreciate any insight into the thought process or objectives driving that approach.

Response: A single award is anticipated; however, we reserve the right to multi-award if it is beneficial to ensure adequate coverage, geographic support, and service capabilities. Single award is the most widely adopted award methodology nationally, and the Lead agency has determined it to be its preferred methodology.

5) Question: On page 35, Section 4 references the Davis-Bacon Act regarding federal prevailing wage requirements. Does this indicate that federal agencies may also be eligible to purchase off this contract?

Response: The Davis-Bacon reference is included to address situations in which Participating Entities may use federal funding or be subject to federal prevailing wage requirements for installation or related labor. Eligible participants are those identified in the RFP; federal agencies may purchase only if they are authorized to use the cooperative contract under applicable federal rules and their own procurement authority.

Docusign Envelope ID: 64350DFD-4BFA-8FE5-80EC-7DC10AD29E60

6) Question: Does Broome County have an estimated or projected annual spend for the commodities being requested?

Response: Broome County does not guarantee any minimum purchase quantity or dollar value under this contract. Any estimates, projections, or sample quantities referenced in the solicitation are provided solely for evaluation purposes and shall not be construed as a representation of actual or future purchasing volume.

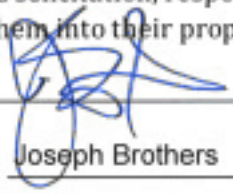

7) Question: Is there any historical usage or past spend data available related to furniture purchases?

Response: Historical usage and past expenditure data are not available or are not being provided as part of this solicitation. Offerors shall base their proposals on the requirements and pricing structure set forth in the RFP.

8) Question: Are there any MWBE or HUB vendor participation goals or requirements associated with this solicitation?

Response: There are no mandatory Minority- and Women-Owned Business Enterprise (MWBE) or HUB participation goals associated with this solicitation. However, the County encourages participation from all qualified vendors, including certified MWBE and small businesses, in accordance with applicable New York State and local procurement policies.

When issued, this Addendum # 1 shall automatically become a part of the solicitation documents and shall supersede any previous specification(s) and/or provision(s) in conflict with the Addendum. By submitting a proposal to this solicitation, respondents shall be deemed to have received all Addenda and to have incorporated them into their proposals.
