

POTS Replacement Solicitation Pricing Sheet

All industry standard equipment and installation labor must be included in the not to exceed pricing offered, AND must be included in the work order level pricing offered to each participating entity and the time of service. Participating governments reserve the right to require reasonable price justification. Preference will be given to suppliers who can allow governments direct access to real time tools to verify price reasonableness in a self-service way to expedite procurement justifications if needed. Supplier will provide a list of broad examples of the equipment and installation services included in standard pricing.

CATEGORY:	Non-Recurring Not to Exceed Per Line Cost	Monthly Recurring Not to Exceed Per Line Cost
POTS Modernization		
EPIK	\$199.99	\$58.93
EPIK UPGRADED	\$199.99	\$73.63
EPIK Ground Shipping Per Device	\$99.00	N/A
Additional Site Survey Time	\$99.99 /hr invoiced in 30-minute increments.	N/A

Applicable taxes, surcharges, fees, shipping, and delivery may not be included. All services are subject to the Terms and Conditions of Service set forth at www.granitenet.com/legal (as such may be modified from time to time). This Quote contains confidential and proprietary information.

*Pricing includes: (1) a basic site survey of up to 2 hours on-site, if necessary; and (2) actual installation of up to 3 hours on-site. Additional time on-site will be charged at a rate of \$99.99 per hour and invoiced in 30-minute increments. Customer may elect to self-install without additional charge.

*EPIK includes dual SIM cards and diverse cellular connections. Certain jurisdictions may require wireline connections for certain applications (Fire / Life Safety) and wireline connections may be necessary to furnish service at certain locations.

*For installations needed to occur on an expedited basis (within 5 business days), Granite may charge expedited installation fees.

EPIK Upgraded - To support EPIK service in remote areas. Includes 1 GB LTE plan per location, Access Fee per line, Managed Network Services per location, and Standard Installation Fee per location. Installation includes unlimited installation time. Cross connect Wiring may incur additional expense. Customer can elect to self-install pre-activated units. External antenna with extension cable for improving signal strength and quality of transport connectivity for EpiK services.

	45 Network Integration - Same Business Day Dispatch (Critical) - Voice/Data Technician Hourly. Billed in 30 minute increments		Nationwide		\$ 220.00	N/A

All Network Integration is a minimum of 2 hours labor. Standard Service Order is defined as 48 hours advanced notice prior to 3PM EST. Next Business Day Dispatch for Expedited Service Orders is defined as a dispatch scheduled 24 to 48 hours in advance prior to 3 PM EST. Same Business Day Dispatch for Business Critical Service Orders is defined as same day if requested before 3 PM EST, next day if requested after 3 PM EST. Rates only apply to dispatches during 8AM - 5PM Monday - Friday business hours. Dispatches outside of Business Hours are considered Same Business Day Dispatches. Dispatched canceled less than 24 hours in advance or same day will be charged a \$150.00 cancellation fee. All Service Tickets have an automatic \$14.50 miscellaneous materials charge.

Structured Cabling Technicians: Cable Installation, T1 Extensions, Preconfigured Hardware Installation, Site Surveys, Site Audits, Wireless Access Points, Cable Clean Up, Cabling Removal, POS Installations, Cable Certifications.

Data Technicians: Phone Systems, Fiber, Networking, Configurations, Switches, Cutovers, T-1 Turnups.

For each Category 6 pricing supplier will explain what constitutes a "remote geography or limited connectivity exception to the not to exceed pricing and will demonstrate how they will provide the local government with reasonable price justification for specific connectivity in a location. Supplier will provide as many options as possible include alternate connectivity such as satellite to mitigate costs and to support the government in justifying connectivity decision-making.

In the event that a government requires nonstandard equipment supplier may submit a catalog of hardware at the start of the contract and an update every 6 months thereafter along with a discount off list pricing for the hardware below. Government shall have to obligation to buy no standard equipment through this contract and this is provided as a convenience for POTS Modernization and MNS services.

POTS Replacement Solicitation Pricing Sheet

All industry standard equipment and installation labor must be included in the not to exceed pricing offered, AND must be included in the work order level pricing offered to each participating entity and the time of service. Participating governments reserve the right to require reasonable price justification. Preference will be given to suppliers who can allow governments direct access to real time tools to verify price reasonableness in a self-service way to expedite procurement justifications if needed. Supplier will provide a list of broad examples of the equipment and installation services included in standard pricing.

Data Technicians: Phone Systems, Fiber, Networking, Configurations, Switches, Cutovers, T-1 Turnups.

For each Category 6 pricing supplier will explain what constitutes a "remote geography or limited connectivity exception to the not to exceed pricing and will demonstrate how they will provide the local government with reasonable price justification for specific connectivity in a location. Supplier will provide as many options as possible include alternate connectivity such as satellite to mitigate costs and to support the government in justifying connectivity decision making.

In the event that a government requires nonstandard equipment supplier may submit a catalog of hardware at the start of the contract and an update every 6 months thereafter along with a discount off list pricing for the hardware below. Government shall have to obligation to buy no standard equipment through this contract and this is provided as a convenience for POTS Modernization and MNS services.
