Events

Colorado 811 hosts events like Excavator Breakfasts and the Damage Prevention Summit to promote safety and community connection, providing education, industry insights, and networking opportunities. Sponsoring aligns companies with safety initiatives, offering exposure and contributing to community education and safety.

Sponsors connect with professionals prioritizing safe digging and damage prevention. Supporting these events strengthens a company's commitment to community welfare and enhances its reputation as a proactive, responsible organization in Colorado.

Annual Damage Prevention Summit & Expo

The Colorado 811 Damage Prevention Summit & Expo gathers hundreds of professionals dedicated to safety and excellence in damage prevention. Growing each year, it offers companies an unparalleled opportunity to position themselves as industry leaders. Here's why your business should sponsor this influential event:

Connect with Industry Professionals

Sponsoring the summit grants access to a diverse group of professionals, including executives, company owners, operations managers, safety leaders, project managers, field supervisors, foremen, equipment operators, utility and facility locators, compliance specialists, excavators, pipeline operators, and utility owners. These attendees are decision-makers and frontline workers implementing best practices in safe digging and damage prevention. Aligning your brand with this audience elevates your visibility among key stakeholders committed to safety and innovation.

Enhance Brand Visibility

The event attracts a wide array of participants, ensuring extensive exposure for your brand. Sponsorship opportunities, such as a featured presence on the website homepage, allow your company to stand out to attendees before and during the event. This visibility is crucial for establishing your company as a trusted industry name.

Showcase Commitment to Safety

Aligning with the summit underscores your company's dedication to safety and responsible practices. Supporting educational tracks for locators, excavators, and pipeline operators demonstrates a proactive approach to fostering safety and excellence. This commitment boosts your company's reputation and strengthens community relations.

Networking and Growth

Networking is a cornerstone of the summit, offering sponsors the chance to forge connections with professionals and potential business partners. These interactions can lead to collaborative opportunities, business growth, and enhanced industry standing.
