

LINK MULTIPLE ACCOUNTS IN CAMPUS PARENT & CAMPUS STUDENT

Do you have students attending schools in multiple districts using Infinite Campus? Or, do you have a student enrolled in more than one district? Good news! Parents and Students can now link their accounts, so they only need one login to access all your student(s) information in the Campus Parent and Campus Student.

Benefits of Linking Accounts

- Seamless switching between accounts without needing to log in and out.
- Enabling push notifications for all linked accounts.

Get Started: How to Link your Accounts

1. Log in to Campus Parent or Campus Student in a browser or the mobile app and open the user menu.
2. In the Linked Districts section, click Manage Districts.
3. In the screen that displays, select *Generate a code from this district* and click Generate. Click the code that displays to copy it to the clipboard.
4. Log out of this account.
5. Log into the other district account and navigate to the Manage Districts screen via the user menu.
6. Select *Enter the code generated from another district*, paste the copied code, and click Link.
7. Accounts are now linked! Open the user menu and click Switch to visit the newly linked for the first time. When done in the mobile app, this first switch activates push notifications.
