- i. If Company fails to perform the make-ready work within the timelines set forth in Section 7.h., and lacks good and sufficient cause to deviate from such timelines, Attachment Customer may perform such work at its expense using an Approved Contractor, except that Attachment Customer may not: (1) perform such work with respect to Transmission Poles or Ducts; or (2) perform any pole replacements. Attachment Customer shall provide written notice to Company at least one week prior to performing any make-ready, and the notice shall: identify the date and time of the make-ready; provide a description of the work involved; and state the name of the contractor being used by Attachment Customer. During the performance of any make-ready by Approved Contractors, an inspector designated by Company shall, at Company’s option, accompany the Approved Contractor(s). The inspector, in his or her sole discretion, may direct that work be performed in a manner other than as approved in an application, based on the then-existing circumstances in the field. Attachment Customer shall notify Company immediately if the make-ready work causes any property damage or an outage that is reasonably likely to interrupt Company’s services. Company shall refund any unexpended make-ready fees within thirty (30) days of notice that Attachment Customer has performed the make-ready work.
- j. The provisions set forth in Sections 7b through 7h that relate to time period and cost-reimbursement of Company’s performance of application review and a Make Ready Survey, and the performance of make-ready work, shall not apply to High Volume Applications. Company and Attachment Customer submitting a High Volume Application shall develop a mutually agreeable plan of performance and cost reimbursement for Company’s performance of application review and a Make Ready Survey, and the performance of make ready work, and Company and Attachment Customer shall set this plan to writing and shall file it with the Commission as a special contract.
- k. No written application to Company to affix and attach a Service Drop to Company’s poles is required but Attachment Customer shall provide notice to Company within sixty (60) days of attachment of such Service Drop. This notice shall include the Service Drop location address (or a description of the location if the address is not available), the date of the attachment, the pole number of the pole to which the Service Drop is affixed or attached, and a statement as to whether the Service Drop constitutes a new Attachment to Company’s pole for billing purposes. Any Service Drop affixed to a pole more than six (6) inches above or below a through-bolt shall be considered a separate Attachment for billing purposes. On drop or lift poles only, all Service Drops affixed within one foot of usable space shall be considered a single Attachment for billing purposes. Company may conduct an inspection of any Service Drop Attachments, and Attachment Customer shall reimburse Company within thirty (30) days of presentation of an invoice for such inspections.

8. ONE-TOUCH MAKE-READY

- a. For applications to make Attachments to Distribution Poles that require only “simple make-ready,” as that term is defined in 807 KAR 5:015, Attachment Customer may elect to proceed with the one-touch make-ready (“OTMR”) process established in this Section 8, as opposed to the standard process set forth in Section 7 of this Schedule.
- b. To elect OTMR, Attachment Customer must clearly indicate in its application that it is electing the OTMR process. Attachment Customer shall not combine requests for “simple make-ready” and “complex make-ready,” as those terms are defined in 807 KAR 5:015, within an OTMR application. Attachment Customer’s application shall identify the “simple make-ready” that Attachment Customer intends to perform.
- c. Company shall, within ten (10) days of receipt, determine whether Attachment Customer’s OTMR application is complete. Company will notify Attachment Customer, in writing, of its determination, and if Company determines that the OTMR application is not complete.
- d. The following timelines shall apply to Company’s review on the merits of an OTMR application (except for the period during which 807 KAR 5:015E is effective):

# of Poles	Timeline (Days)
300 or less	15
301-1,000	30
1,000 or more	N/A

For the period during which 807 KAR 5:015E is effective, the following timelines shall apply to Company’s review on the merits of an OTMR application:

# of Poles	Timeline (Days)
500 or less	15
501-3,000	30
3,001 or more	N/A

- e. Attachment Customer shall complete all make-ready within thirty (30) days of the date on which Company approved Attachment Customer’s OTMR application (or within forty-five (45) days in the case of a Larger Order), or Attachment Customer’s OTMR application will be deemed closed.

Attachment Customer shall provide Company, as well as any third party with facilities on poles subject to an OTMR application, at least five (5) days advance written notice of any field inspection, and such notice shall: provide the date, time and location of the field inspection; and state the name of the Approved Contractor that will be performing the field inspection. Attachment Customer shall allow Company and affected third parties to be present for any field inspection it performs under the OTMR process.

Attachment Customer shall allow Company and affected third parties to be present during the make-ready work. If Company determines at any time that Attachment Customer's make-ready work does not qualify as "simple make-ready," Attachment Customer shall halt all make-ready work on the impacted poles. The make-ready work on the impacted poles shall thereafter be subject to the requirements of Section 7 of this Schedule. Attachment Customer shall notify Company and affected third parties within fifteen (15) days of completion of make-ready work identified in an OTMR application.

9. CONSTRUCTION AND MAINTENANCE REQUIREMENTS AND SPECIFICATIONS

- a. Attachment Customer shall not construct or install any Attachments until: (1) Company has approved in writing the design, construction, and installation practices for Attachment Customer's Attachments; (2) all Company make-ready work, if any, has been completed (and, if such make-ready work has been performed by an Approved Contractor pursuant to Section 7i above, inspected by Company); and (3) any necessary third party rearrangements or transfers have been completed. Any Attachment that fails to comply with this provision shall be deemed an Unauthorized Attachment for purposes of Section 19 of this Schedule.
- b. All Attachments shall be constructed and installed in a manner reasonably satisfactory to Company and so as not to interfere with Company's present or future use of its Structures. Attachments in Ducts shall not include any splice enclosures or excess cable. Attachment Customer shall maintain, operate and construct all Attachments in such manner as to ensure Company's full and free access to all Company facilities. All Attachments shall conform to Company's electric design and construction standards and applicable requirements of the NESC, NEC, and all other applicable codes and laws. If Attachment Customer fails to transfer its Attachments within the Transfer Period, Company may transfer the Attachments at Attachment Customer's sole risk and expense. Company may transfer Attachment Customer's Attachments prior to the expiration of the Transfer Period if an expedited transfer is necessary for safety or reliability purposes. Attachment Customer may deviate from the Transfer Period if it demonstrates, to Company's satisfaction, that good and sufficient cause renders it infeasible for Attachment Customer to complete the transfer(s) within the Transfer Period.

17. REMOVAL OF ATTACHMENT

Attachment Customer may at any time voluntarily remove its Attachments from any Structure, but shall immediately give Company written notice of such removal on Company-prescribed form. Attachment Customer shall bear all cost of removal and any costs that Company incurs as a result of such removal and shall pay such costs within thirty (30) days of receipt of an invoice. No refund of any amount paid for use of such Structure will result from Attachment Customer's voluntary removal nor shall such voluntary removal affect any other obligation or liability of Attachment Customer under this Schedule or the Contract

18. INDEMNITIES

Attachment Customer shall protect, defend, indemnify and save harmless Company, its Affiliates, their officers, directors, employees and representatives from and against all damage, loss, claim, demand, suit, liability, penalty or forfeiture of every kind and nature, including but not limited to costs and expenses of defending against the same, payment of any settlement or judgment therefor and reasonable attorney's fees that are incurred in such defense, by reason of any claims arising from Attachment Customer's activities under this Schedule, or the Contract, or from Attachment Customer's presence on Company's premises, or from or in connection with the construction, installation, operation, maintenance, presence, replacement, enlargement, use or removal of any facility of Attachment Customer attached or in the process or being attached to or removed from any Company Structure by Attachment Customer, its employees, agents, or other representatives, including but not limited to claims alleging (1) injuries or deaths to Persons; (2) damage to or destruction of property including loss of use thereof; (3) power or communications outage, interruption or degradation; (4) pollution, contamination of or other adverse effects on the environment; (5) violation of governmental laws, regulations or orders; or (6) rearrangement, transfer, or removal of any third party attachment on, from, or to any Company Structure.

The indemnity set forth in this section shall include indemnity for any claims arising out of the joint negligence of Attachment Customer and Company; provided however, the indemnity set forth in this section, but not Attachment Customer's duty to defend, shall be reduced to the extent it is established by final adjudication or mutual agreement of Attachment Customer and Company that the liability to which such indemnity applies was caused by the negligence or willful misconduct of Company. If Attachment Customer is required under this provision to indemnify Company, Attachment Customer shall have the right to select defense counsel and to direct the defense or settlement of any such claim or suit.

24. PERFORMANCE ASSURANCE

- a. Attachment Customer shall furnish Performance Assurance in the following amounts to guarantee the payment of any sums which may become due for attachment charges, inspections, or work performed by the Company under this Schedule or the Contract, including the removal of attachments upon termination of the Contract by any of its provisions:

<u>Number of Attachments</u>	<u>Amount per Attachment</u>	<u>Maximum Total</u>
1-5,000	\$20/Attachment	\$100,000

10,001+	\$5/Attachment	\$1,000,000

The amount of the Performance Assurance shall not be reduced upon completion of installation or other event.

In the event the Customer provides Performance Assurance in the form of a surety bond or Letter of Credit, each bond or Letter of Credit shall contain the provision that it shall not be terminated prior to six (6) months after Company’s receipt of written notice of the desire of the bonding or insurance company, or bank, to terminate such bond or Letter of Credit. Company may waive this requirement if an acceptable replacement is received before the six (6) months has ended. Upon termination of such surety bond or Letter of Credit, Company shall request Attachment Customer to immediately remove its Cables, Wireless Facilities, Attachments and all other facilities from Company Structures. If Attachment Customer should fail to complete the removal of all of its facilities from Company’s Structures within sixty (60) days after receipt of such request, then Company may remove Attachment Customer’s facilities at Attachment Customer’s expense and without liability for any damage to Attachment Customer’s facilities.
