SCAMBUSTERS®: Outsmart the Scammers!

YOUR CLASSROOM. THEIR DECISIONS. *THINK FAST! CLICK SMART!*

A fast-paced, game-based classroom experience from the Better Business Bureau® that equips grades 5–9 with the skills to spot scams before they strike.

Designed to reinforce key learning outcomes in line with Ohio's Learning Standards for Technology, ELA, and Social Studies, students strengthen critical thinking, decision-making, and digital literacy all while having fun!

What Teachers Get:

- A free, turn-key in-class experience delivered by BBB professionals
- A dynamic presentation featuring scam scenarios and digital deception tactics
- An interactive dice game that keeps students engaged
- Grade-appropriate activity sheets and follow-up reflection tools for deeper personal and co-learning
- Alignment with digital citizenship and technology literacy goals
- A trusted partner helping you reinforce safe online habits

What Students Learn:

Students in grades 5–9 will strengthen key learning competencies, critical thinking, and safer digital habits, including:

- Media literacy & evaluating online content
- Social-emotional awareness around manipulation tactics (urgency, pressure, emotional appeal)
- Critical thinking, personal data protection, & responsible digital behavior
- How to identify & report scams or inappropriate requests
