

BBB® Foundation of Connecticut, Inc.

Did you know BBB has an active Educational Foundation that serves communities throughout Connecticut?

The BBB Foundation of Connecticut, Inc. is a 501(c)(3) nonprofit organization that is the philanthropic arm of BBB, Connecticut, whose mission is to be the leader in advancing marketplace trust. This Foundation provides valuable education to vulnerable populations on topics such as financial fraud awareness; military, veteran, and senior initiatives; educational programming and scholarships for youth; as well as other marketplace issues.

We believe that fact-based knowledge empowers smart decisions.

Our Mission:

- To empower and inform consumers and businesses in the state of Connecticut to be confident and proactive by providing impactful education, information, and resources on marketplace issues and ethical business practices.
- To support youth initiatives that recognize the importance of ethical and responsible marketplace practices through scholarships and educational programming.
- To champion Military and Veterans initiatives through supportive educational opportunities, scholarships, and recognition opportunities.
- To advocate for and educate seniors through initiatives that help to protect them from vulnerabilities targeted to that population through educational programming.
- To provide charitable contribution information to both consumers and businesses.

How do we deliver on our Mission?

- Primarily through education and advocacy. We live in a world where deceptive measures through scams and fraud are so prevalent. We tailor educational opportunities that are designed to help consumers, businesses, students, young adults, seniors, Military communities and whomever to stay informed and empowered to not fall victim to fraud and scam tactics. We also work with students and young adults to learn about financial literacy as well as making smart consumer decisions as they come into adulthood to help prepare them for success.
- Provide scholarships to high school seniors that demonstrate high ethics and integrity as well as dedicating a scholarship specifically for a member of the Military and/or their children. In a world where

it is not always easy to maintain strong ethics and integrity, it is meaningful to recognize, celebrate and empower future leaders that demonstrate these characteristics at such a young age.

- Participate in advocacy opportunities at events promoting financial education, smart business choices, and safeguarding against scams.

Why is the Foundation important?

BBB Scam TrackerSM estimates over **\$43 million** was avoided in losses in 2024

Over \$15.9 billion was lost to scammers in 2025 (this is just those that are reported) according to the Federal Trade Commission.

Service members, veterans and their families **lose 43.5% more money** when victims of a scam than non-military consumers according to IABBB data.

Older adults lose larger amounts of money to scams than any other age group according to BBB's Annual Risk Report.

There is a sense of shame and embarrassment associated that victims face, making the efforts of the Foundation imperative not only to educate but to encourage victims to report instances of fraud to the proper authorities and to **BBB Scam Tracker**. The more fraud is reported, the more it helps as a tool to educate and prevent others from falling victim.

How can I help?

There is no better time than now to support the Foundations work. Your generosity will directly impact our educational and advocacy work throughout Connecticut. With you in our corner, we will continue to keep others informed and empowered to not fall victim to fraud and scam tactics. Here are a few ways you can participate in our efforts:
